Good Morning Staff & Faculty,

Thank you to all those who participated in the "Budget Priority Ranking Survey," sent out on Dec. 7, 2018. The results from this survey are listed below. Overall, 116 staff and faculty members participated in the survey anonymously. A reminder that these budget priorities were gathered based on feedback from the Nov. 19 Budget Forum, and two subsequent follow-up surveys.

The results from this survey have been shared with President Rimando-Chareunsap and the President's Cabinet. College Council looks forward to working with Cabinet to ensure staff and faculty priorities are considered in any upcoming budgetary decisions.
