

The South Seattle College Tutoring Center recognizes the complex needs of our diverse student population in academic and vocational programs. Tutoring is available beginning the second week of each quarter through the last day of classes.

Who can request a tutor?

Anyone who is currently registered at SSC and needs a tutor can request individual or small group tutoring at no cost. Tutors are available for a wide variety of courses; however, there is no guarantee that a tutor can be found for each request.

How do I get a tutor?

Simple! Fill out the Tutor Request Form on the back of this brochure, have your instructor sign it, and return it to the staff in room RSB 12. The Tutoring Center will provide your contact information to an appropriate tutor. Then the tutor will contact you to arrange a meeting.

How often and for how long will I meet with my tutor?

You will meet with your tutor from 1 to 3 hours per week. You and your tutor can decide how to distribute those hours.
