The public is invited to attend a celebration to honor student achievement at South Seattle Community College's annual *Friends of the College Dinner*, Thursday, May 6 from 5-8 pm.

Each year the South Seattle Community College Foundation awards scholarships to more than 100 students in academic and professional technical programs. The annual *Friends of the College Dinner* honors those students for their success, while recognizing the generous donors who make these scholarships possible.

This event is a very special evening for students and donors to come together and share what South is really about – community. It also offers the opportunity for members of the public to learn directly from students and donors about the many ways available to support students.

A limited number of tickets remain available.
