FOR IMMEDIATE RELEASE:

June 21, 2001

South Seattle Community College (SSCC) is pleased to announce the 2001 recipients of the President's Medal.

SSCC awards two medals each academic year, one to an outstanding College Transfer student and one to an outstanding Professional/Technical student.

This year's awards go to Elizabeth Boe, who graduated with an Associate of Arts Degree (3.84 GPA), and Erik Smock, who graduated with an Associate of Applied Science in Automotive Collision Technology (3.81 GPA).

The criteria for selection for the President's Medal include a student's grade-point average, rigor of course work, obstacles that had to be overcome, or other extenuating circumstances. Evidence that the student has provided extra help and service to a college department, division, office, service unit, or the college community in general are also considered in awarding the honor.

The presentation of the medals took place at SSCC's 31st Annual Commencement, which was held on June 14.
