

TRANSPORTATION, LOGISTICS, AND SUPPLY CHAIN MANAGEMENT

NEW CERTIFICATE PROGRAM

WHY TRANSPORTATION, LOGISTICS, AND SUPPLY CHAIN MANAGEMENT?

- Transportation-related jobs in Washington state are among the largest employment sectors.
- Above-average pay in many jobs, providing sustainable, living-wage careers.
- Puget Sound is home to one of the busiest airports and two of the busiest seaports in the U.S.
- Major importers and exporters are based in the region and require well-trained transportation professionals.
- The logistics sector is growing and demand for employees is expected to increase.

CERTIFICATE PROGRAM DESCRIPTION

The Transportation, Logistics, and Supply Chain Management Program is a short-term, 19-credit certificate program providing courses in airport and seaport operations, security and regulatory environment, international and domestic transportation modes, and supply chain management.

Featured classes:

- Fundamentals of Transportation, Logistics, and Supply Chain Management
- Introduction to Airport and Seaport Operations
- Supply Chain Management
- Domestic and International Freight Operations
- Transportation and Border Security
- Transportation/Logistics/Cargo Handling Internship (not required)
