If you are a new student or you do not know your username/password for South Seattle College, you can go to <https://tool.seattlecolleges.edu> and get your log-in credential and reset your password. To do this, you must have your **student ID** and **PIN (Date of Birth)** ready. Once you have successfully reset, this is your official email and windows account to be used for communication and for accessing school resources.

See below as an example:

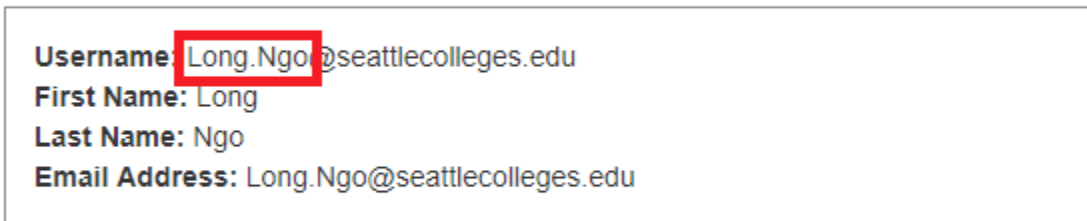

Please **SAVE** your login credentials

Success! 

Username: Long.Ngo

Password: an unique password

Your account credential are below.

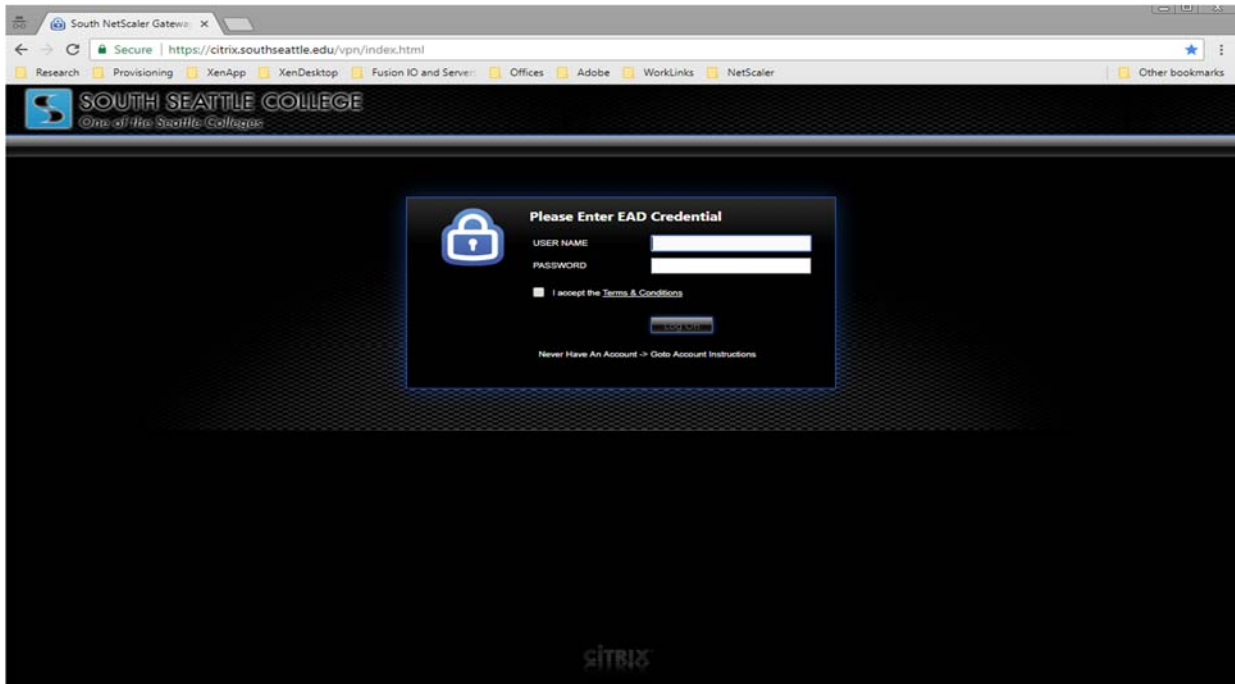

If you forgot or do not have a password use the Set/Reset Password link to create one
