Learn about South Seattle Community College's new **Transportation, Logistics, and Supply Chain Management** program. The short-term, 19-credit program is designed for working adults who want to gain practical and relevant skills to enter the industry, and professionals seeking to enhance their knowledge. The program covers all aspects of the industry, including airport and seaport operations, supply chain management, domestic and international freight operations, and transportation and border security.

Two courses are being offered spring quarter:

LOG 235 Introduction to Transportation & Logistics

Surveys the organization and operations of the commercial transportation industry and its impact on the bottom-line of today's modern businesses.

3 credits Tuesdays 5:30 – 9:30 pm Class meets 5/19 – 6/16

LOG 236 Introduction to Airport & Seaport Operations

Introduction to the structure, organization, and operation of a modern airport and seaport, including current issues and challenges.

4 credits Tuesdays 5:30 – 9:30 pm Class meets 4/7 – 5/12
