Fee: $30

South Seattle Community College’s Puget Sound Industrial Excellence Center (PSIEC) and Pacific Associates are hosting the third Business Breakfast: **LEAN in the Workplace: It’s not just for manufacturing anymore.**

The session will be facilitated by Charles Lukey, of Impact Washington, and features an employer panel sharing LEAN practices they have integrated into their business practices. Topics such as savings in time and money, employee and customer satisfaction, and engaging management and staff in the process of creating a more efficient business will all be discussed. Lean is about efficiency NOT about eliminating jobs.

This session is a must for business owners, executives, managers, and HR professionals who want to learn about tools and strategies to apply the LEAN principles in every aspect of business.

Employer panel participants:
- Michelle Adams – Director, Lean, Starbucks
- Tom Cahill – Director of Lean, Premera Blue Cross
- Patti Cole-Tindall – Director of Labor Relations, King County
- Lisa Hayward PHR – Program Manager HR, Group Health Cooperative

Space is limited so register now.

This program is pending approval for 2.0 recertification credit hours toward PHR, SPHR, and GPHR recertification through the Human Resource Certificate Institute (HRC).
About PSIEC
The Puget Sound Industrial Excellence Center (PSIEC) offers customized contract training programs designed to meet specialized workforce training needs. The center serves as a focal point for business, labor and community in support of economic development, educational opportunities, family wage jobs and global competitiveness in greater South King County.
