South Hosts Competitions

Washington state high school students participate in automotive contests.

South hosted 60 high school students from around the state on April 13, as they competed for top honors in the SkillsUSA Washington state championships. Their knowledge and skills were put to the test in four hands-on competitions in automotive maintenance technology and collision repair. South instructors and program assistants organized the competitions, with more than 30 of our students serving as judges. Our industry partners Snap-On Corporation, Mike Cosper, Dupont Performance Coatings, Jim Burns and Steve Cox, PartsChannel, Inc. generously donated tools, materials, and equipment.
