

## College Transfer Timeline by Credits

This timeline outlines the steps you need to accomplish in order to successfully transfer from community college to a college or university. If you are planning to transfer from a two-year community college to a four-year college or university, start your preparation for this transition early! If you are not sure what you want to do, schedule an appointment to speak with a counselor for career counseling and testing. This is a great way to help you think about your future beyond graduation from South Seattle Community College.

### 0-18 Quarter Credits

- ✓ **BRAINSTORM:** Start thinking about what career or degree you are interested in pursuing. Make an appointment to speak to an advisor or counselor. They will help you make an educational plan and help you research schools that match your goals! An educational plan will help guide you from start to finish, ensuring you get all the classes you need to transfer.
- ✓ **ENGAGE:** Attend the quarterly college fair on the South Seattle Community College campus. These give you a chance to browse a number of different institutions, ask questions, and get more information about what is offered at each college or university.
- ✓ **TAKE ACTION:** Start exploring colleges and universities by visiting their websites and meeting with representatives when they are on campus. You can also go on tours and information sessions at each university.
- ✓ **CHECK IN:** Schedule an appointment to see your advisor or counselor mid-quarter to ensure you understand all the requirements of your Associate's degree and to begin an educational plan.

### 19-44 Quarter Credits

- ✓ **CHECK IN:** Schedule an appointment to see your advisor or counselor mid-quarter to make sure you are keeping up with your educational plan. You can also ask questions about transferring and get help deciding on a school that meets your needs.
- ✓ **ENGAGE:** Attend transfer workshops and campus visits by different colleges as well as the quarterly college fair. This information will help you plan your transfer and make sure it goes as smoothly as possible.
- ✓ **TAKE ACTION:** When you talk to college representatives, make sure you request a catalog, admissions guidelines, financial aid information, and know the deadlines (see Transfer Fair Checklist for a list of Qs you can ask).
- ✓ **TAKE ACTION:** Use transfer guides from the four-year universities to look up prerequisite courses for your major and admissions requirements.

### 45-74 Quarter Credits

- ✓ **CHECK IN:** Schedule an appointment to see your advisor or counselor mid-quarter to make sure you are keeping up with your educational plan. Focus on when you want to graduate and when you plan to start classes at your transfer school. Make sure that you are on track with your educational plan.
- ✓ **ENGAGE:** If you have decided on a school to transfer to, get a copy of their admissions form and begin to write a rough draft. Start a draft of your personal statement. Visit the websites of the colleges you are planning to submit an application to see their essay questions!

- ✓ **TAKE ACTION:** Remember that all financial aid packages will first require you to complete a FAFSA, located at this website: <http://www.fafsa.ed.gov>. This form becomes available online January 1st of each year. It is very important to do the FAFSA as early as possible. Research other financial aid options that might be available, especially scholarships, and apply for them.
- ✓ **TAKE ACTION:** Request official transcripts from your high school and ALL colleges you have attended (even if it is just one class or one quarter). Talk to instructors about writing letters of recommendation. These need to be instructors that know you well and can talk about your performance in their classes!
- ✓ **TAKE ACTION:** Finish your personal statement. Triple check it for errors by taking it to the Writing Center, an instructor, or an advisor/counselor (See Personal Statement handout).
- ✓ **TAKE ACTION:** Applications are due! Check with each college to find out their specific due date. They WILL NOT accept late applications. Applications must be complete, accurate, and on time to be considered!

### **75-89 Quarter Credits**

- ✓ **CHECK IN:** Schedule an appointment to see your advisor or counselor mid-quarter to make sure you are keeping up with your educational plan. Focus on when you want to graduate and when you plan to start classes at your transfer school. Fill out a graduation application with your advisor or counselor. This must be done in order to graduate.
- ✓ **TAKE ACTION:** Applications are due! Check with each college to find out their specific due date. They WILL NOT accept late applications. Applications must be complete, accurate, and on time to be considered!
- ✓ **CHOOSE:** Colleges and universities begin to mail out their decisions for admission. If you have several options to choose from, be sure to take into consideration the college that is the best fit for you academically, financially, and socially.
- ✓ **TAKE ACTION:** Send official transcripts (again) at the end of your last quarter. Ensure that you have no financial holds on your transcripts.
- ✓ **ENGAGE:** Attend an orientation at your new school! Be sure to meet with an advisor there to plan out your course of study. Hint: you will register at your orientation, so pick the earliest orientation date you can attend.

### **NOTES:**
