It is very important to be able to navigate the four-year school’s websites when planning your transfer. Below you will find links to each college and specific websites that will help you research each school and what you need to do to apply. Remember, at many schools, you will need to apply to both the school and your major, so make sure you check out both set of requirements.

**Transfer Admissions:** This link will provide you with deadlines, requirements, and contact information.

**Transfer Guide:** This will list school-specific transfer information for prospective transfer students.

**Equivalency Guide:** Provides information about how courses at South Seattle CC will transfer to that college.

**Major Planning:** Find out what prerequisite courses you need to apply to your major, if an application is needed, and specific information about that major.

**Transfer Scholarships:** Many schools offer transfer students scholarship! Check here for information.
