Life after South Seattle Community

It is not too late to begin thinking about your future after graduation from SSCC. You may want to transfer to a 4-year university or return to your home country. We can help! International Programs can assist you in the following ways:

- 1. Education Plan:** SSCC advisors are ready to help you prepare an educational career plan that outlines your goals and courses for college, university and graduation.
- 2. University Tours:** We have a full schedule of tours to various Washington State universities to include UW, WSU, WWU, Seattle U. and more...
- 3. Internship Resource Center:** Internships are available for qualified students who want to use their skills in a business setting.

**Our NEW look
ONLINE:**

International Programs will have a brand new look online! Several new services have been added to include advising information, forms, special announcements for current students and a photo gallery of recent events. Check us out after January 1st, 2006 for our NEW LOOK!

Friendship Families

Friendship Families are designed to connect international students with the American families through friendship and hobbies. Students can apply to have dinner, spend a weekend or just meet a Friendship Family. This is a way for you to meet American people, experience a real American home without the home stay experience.

There is no obligation to accept an invitation. All activities are voluntary.

For information or application, visit the international office or by email at ip@sccd.ctc.edu
