South Seattle Community College
Gary Oertli, President

Seattle Community College District
Dr. Jill Wakefield, Chancellor

Board of Trustees
Jorge Carrasco (Chair)
Albert Shen (Vice-chair)
Carmen Gayton
Courtney Gregoire
Steven R. Hill

The Seattle Community College District VI is committed to the concept and practice of equal opportunity for all its students, employees, and applicants in education, employment, services and contracts, and does not discriminate on the basis of race or ethnicity, color, age, national origin, religion, marital status, sex, gender, sexual orientation, gender identity, veteran or disabled veteran status, political affiliation or belief, citizenship status as a lawfully admitted immigrant authorized to work in the United States, or presence of any physical, sensory, or mental disability, except where a disability may impede performance at an acceptable level. In addition, reasonable accommodations will be made for known physical or mental limitations for all otherwise qualified persons with disabilities. The following person has been designated to handle inquiries regarding non-discrimination policies including those related to Sec. 504 ADA and Title IX: Roxanne Tillman, South Seattle Community College, 6000 16th Ave SW, Mailstop 4RS200, Seattle, WA, 98106. (206) 965-5299. South Seattle will make every effort to ensure that the lack of English skills will not be a barrier to admission and participation in vocational education programs.

Accreditation
South Seattle Community College is a public, state supported institution accredited by the Northwest Commission on Colleges and Universities (8060 - 165th Ave NE, #100, Redmond, WA 98052), an institutional accrediting body recognized by the Council for Higher Education Accreditation and the U.S. Department of Education.

Disclaimer
This class schedule is published for information purposes only. Although every effort is made to insure accuracy at the time of publication, this class schedule shall not be construed to be an irrevocable contract between the student and the college. The colleges within the Seattle Community College District VI reserve the right to make any changes in the contents and provisions of this class schedule without notice. In addition, the colleges reserve the right to cancel, change class fees or meeting dates/times at any time without notice. SOUTH (USPS 050405) Vol. 13, Issue 3, is published quarterly by Seattle Community College District VI. 1500 Harvard Ave., Seattle, WA 98122-2400. Phone: 206-965-2400. For information on accessibility and/or non-discrimination policies, contact: Roxanne Tillman, South Seattle Community College, 6000 16th Ave SW, Mailstop 4RS200, Seattle, WA, 98106-1499.

South is a national award-winning publication produced by South’s Public Information Office: Glenn Gauthier, Graphic Design Specialist and Photographer; Jason Gruenwald, Web Manager; Mary Kohl, Communications & Marketing Manager; Kevin Malone, Director of Communications; Brandon Tutmarch, Web-Manager.

Message from the President

Dear Friends,

In a recent survey, over 80% of participants rated Seattle Community Colleges as “very good” or “outstanding.” As we reach the final quarter for many of our graduating students, instructors and staff plan on continuing to deliver outstanding academic services to our students.

For the third straight year, South Seattle will celebrate the achievements of our graduating students with a commencement ceremony at Benaroya Hall in Seattle on Wednesday, June 12th.

In addition to our graduation commencement at the end of the quarter, spring brings some important events to our campus including “Friends of the College Dinner,” “College Night” and the “Northwest Wine Academy’s Spring Release” just to name a few.

Sincerely,

Gary Oertli
President and Vice Chancellor for District-wide Instruction

Your key to faster access and increased options for receiving your Financial Aid funds!

Students now have options of accessing financial aid and scholarship funds through the Seattle Colleges Card. You can choose:
- Deposit to the OneAccount, a no monthly fee checking account – the quickest way to access your funds.
- Transfer to your current bank account (ACH) (funds available in 2-3 business days).
- Receive a paper check (funds available in 5-7 business days).

What is the OneAccount?
The OneAccount is a fully functioning FDIC Insured checking account with no minimum balance and no monthly fees. Selecting the OneAccount allows you to access your disbursements quicker and easier than ever before and offers great benefits including:
- FREE Internet banking features.
- The ability to make purchases anywhere Debit MasterCard is accepted.
- You may also withdraw cash with no fees at Higher One ATMs located on or around campus.

More Information • SeattleCollegesCard.com

Look for the green envelope in your mailbox!

Inside you’ll find The Seattle Community Colleges debit card.

No more lines! Quicker access to your funds! Convenient!
SOUTH - Spring 2013

**TRANSITION FAIR**
Wednesday, May 22, 10:00 am - 1:00 pm
Brockey Center &B; Call (206) 934-6478 for information.

**WORKSOURCE RESUME & JOB SEARCH WORKSHOPS**
South Seattle Community College’s WorkSource Center offers free resume and job search workshops. Call (206) 934-5304 for information. Job Search Workshops are offered fall, winter, and spring quarters.

**S.A.T. PREP WORKSHOPS**
We offer Verbal and Mathematical S.A.T. Prep courses to help students prepare for the S.A.T. college entrance exams. Taught by South’s exceptional faculty, each class offers a thorough review of core topics, provides test-taking strategies, and exposes students to a college setting. The book you will need for this course is available in the bookstore for a separate charge. Call (206) 934-6600 for more information. S.A.T. prep classes are offered every quarter at South. These are two credit classes. Please see our website at southseattle.edu/financial/tuition.aspx for current tuition costs.

Last day of instruction is Friday, June 7, 2013. Finals for evening classes are held within finals week schedule (June 10-June 14, 2013) on the last meeting day of the class, at the regularly-scheduled time.
Steps to Enroll
http://www.southseattle.edu/enrolling/steps-to-enroll.aspx

**STEP 1. APPLY**

**ADMISSIONS OFFICE**
(206) 934-7943
http://www.southseattle.edu/enrolling/apply.aspx

Some programs have a separate Admission processes. Check out the website to learn more about Admissions and to see if you have a separate Admission procedure.

For all other programs, fill out a simple Online Admissions Application at the above website to become a South Student and receive your official Student Identification Number (SID).

**STEP 2. PLAN YOUR FUNDING**

**FUNDING OPTIONS**
There is a variety of financial resources to help you pay for your college classes. Plan early to ensure timely payment for college costs before your classes begin and watch for deadlines! Learn about South’s Funding Resources, Costs, and Deadlines at: http://www.southseattle.edu/financial/

**STEP 3. PLACEMENT FOR CLASSES**

**STUDENT ASSESSMENT SERVICES**
http://www.southseattle.edu/student-assessment-services/placement.aspx • (206) 934-5349

**PLACEMENT TESTS:**

**COMPASS and ACT**
Scores are accepted at South. Consult the website for details and how to prepare before the test!

**COMPASS or ESL COMPASS**
The COMPASS or ESL COMPASS test places you in the appropriate courses based on your skill set.

**BEFORE YOU TEST**
Prepare for the COMPASS Placement Test
For more information, visit www.beforeyoutest.org

**ACT Test**
South also accepts ACT test scores for college level placement in English and Math. If you place below college level, you will need to take the COMPASS. Learn more about the ACT test at www.act.org

**Previous College Credit**
If you have taken and passed a college level English (English composition) or Math (college algebra) course with at least a 2.0, you do not have to take the Placement Test for that content area. A transcript will need to be provided. All other students must take a Placement test to prove eligibility for classes.

If you have previous college credits that you plan to use in towards your degree or certificate at South, learn how to transfer your credits at http://www.southseattle.edu/services/transcri.htm#eval

If you do not intend to graduate from South and have a specific class in mind, contact the Advising department for details on your enrollment steps at advisorsouth@seattlecolleges.edu

**STEP 4. START: NEW STUDENT ORIENTATION**

**ADVISING**
(206) 934-5387 • http://www.southseattle.edu/advising

New Student Orientation provides you with an overview of programs and services at South, and the opportunity to meet with an advisor and register for classes.

Sign up at the Advising/Info Desk at the Robert Smith Building, or sign-up online at: www.tinyurl.com/STARTatSOUTH.

Advisors help guide you in choosing your classes based on your academic goals. Make sure to bring your COMPASS scores and/or a copy of any previous college transcripts to the orientation session.

**REGISTRATION**
(206) 934-7938 • http://www.southseattle.edu/registration

By registering, you sign-up to take a specific class. We guide you through this process during orientation.

Look at the Registration website for important deadlines and dates. After your first quarter, you can register independently on the web as long as you fulfill required prerequisites for the classes.

**STEP 5. PAY & PREPARE FOR CLASSES**

**PAY FOR CLASSES**
Cashier’s Office • (206) 934-5388
http://www.southseattle.edu/financial/payment.aspx

Learn about important deadlines and how to pay by visiting the website.

**GET YOUR BOOKS**
Bookstore • (206) 934-5338
http://southssc.bncollege.com/webapp/wcs/stores/servlet/BNCBHomePage?storeId=39559&catalogId=10001&langId=-1

**FIND RESOURCES**
http://www.southseattle.edu/student-resources/

Learn about the many support resources available to you as a South Student!
Enrollment

www.southseattle.edu

**Parking**

Parking is by paid permit, either daily, quarterly or annual, Monday – Saturday. Parking is available on a limited basis. Daily permit dispensers are located at the North Gatehouse, in the South Parking Lot adjacent to the gravel area, or near the bus stop on the driveway in front of the Robert Smith Building (RSB). Visitors may park for up to 45 minutes for $0.25, using the visitor spaces along the RSB driveway or general parking areas. Day permits may be purchased for $2.00 from the north or south dispensers, or the Cashiers Office (RSB 47). Patrons of the Alhadeff Grill or Café Alki may park free in the Cascade Court lot, if they register their license number with the area they are patronizing. Quarterly permits are purchased from the Cashier. Student parking requires proof of paid registration, and is based on enrolled credits (Includes City Commercial Parking tax):

- 0-5 credits - $23.50
- 6-10 credits - $47.00
- 11 or more credits - $70.50
- Carpools - $39.00

Students will receive parking refunds only upon complete withdrawal from classes or for classes which have been canceled by the college. Refunds will be processed according to Withdrawal and Status Change information with return of the permit. Lost or stolen permits will be replaced at the student’s cost. For parking information, call James Lewis, Transportation Director, at (206) 934-5157 or the Cashier’s Office at (206) 934-5388 or visit www.southseattle.edu/services/parking.htm

**Student Services**

Register early for classes to ensure a space, and to minimize the possibility of class cancellation because of low enrollment. A no-interest monthly tuition-payment plan is available.

**Registration Center Hours**

Regular Business Hours M-Th: 8:00am-4:30pm; F: 9:00am-4:30pm
Open until 6:00pm, January 2, 3 and 7
Closed Friday, January 25

**Intra-District Registration**

Students attending South Seattle can also register for classes offered at Seattle Central or North Seattle Community Colleges. Students must apply online to each respective campus. Beginning the first day of the quarter, students must enroll at the Registration Office on the campus where the course is being taught. Please contact your home campus to qualify for the concurrent tuition rate. Seattle Community Colleges (SCCD) does not provide tuition reduction for concurrent enrollment with non-SCCD colleges.

**Off-Campus Classes Registration**

Georgetown Apprenticeship & Education Center
(6737 Corson Avenue South)
(206) 934-5350

NewHolly Campus (7058 32nd Ave. S)
(206) 934-6642

Off-campus Continuing Education classes follow registration procedures outlined in the Continuing Education section of this schedule.

**Student Identification Cards**

Students taking three or more credits are required to have a photo ID card. The card provides library privileges, computer lab access and fitness center access. The fee for an ID card is $5.00 and is non-refundable. Photos will be taken on a drop-in basis, Monday through Friday, at the Information desk. EXCEPTIONS: Students enrolled in ABE, ESL, Community Service, Parent Co-op, or Senior Adult Ed programs have the option to purchase a card.

**Common Student ID Opt-In Process**

(Washington State Community and Technical Colleges only) Upon admission to a college, students may opt to have the same student ID assigned that was assigned at a previously attended college when they provide a correct social security number. This common SID process only affects students who apply to colleges as of 12/16/2011. It does not apply to previously applied or attended colleges within the Washington State Community and Technical college system.

**Disability Support Services**

Persons with disabilities requiring accommodations are asked to contact this office by calling (206) 934-5137. Requests for accommodations must be made at least four weeks prior to the date service is needed. Requests for interpreting services should be made at least three weeks prior to the start of the quarter. Less than three weeks notice can result in delayed services. Fax requests to (206) 934-6649 or drop off a copy of your class schedule during office hours.
The quarter before planning to graduate, the student must meet with an advisor to determine that required coursework has been completed. An advisor or counselor must sign off on the Graduation/Diploma Application. To make an advising appointment, call (206) 934-5387, or stop by the Advising Desk in the Robert Smith Building. Graduation information is available at www.southseattle.edu.

CREDIT/AUDIT (NO CREDIT)
Students must officially register and pay full tuition for the course(s) they want to audit. An “N” grade will be recorded on the transcript. After an “N” is issued, the course may be repeated only once. You may change your courses from credit to audit or audit to credit in person only at the Registration office through the eighth week of the quarter (sixth week for summer). Instructor permission is required beginning the tenth day of the quarter (eighth day for summer).

REPEATING A COURSE
There are two situations in which a student may repeat a course. Both the initial course and repeated course must be taken at the same campus.
1. GPA Improvement. A credit course may be taken no more than two times total. Upon successful completion of a repeated course, the student can submit a formal request to the Registration Office to have the highest grade used in the GPA computation. Unless specifically requested, the first grade and the repeat grade will be averaged. Note: the student will be credited only once for the class. It is the student’s responsibility to notify the Registration Office when the repeated course is completed.
2. Courses taken for credit more than one time (e.g., PE and music) use the same course number from quarter to quarter. In this situation credits earned are cumulative, and all grades are used to determine the GPA. Note: Students planning to transfer to four year institutions should be aware that many four-year institutions have strict policies on course repeats. We recommend checking with the Advising Office before repeating a class.

Students are encouraged to consult with their instructors before initiating a grade review process as outlined in the complaint procedure available through the Vice President for Student Services’ Office. After a course grade has been assigned, supplemental or additional class work will not be accepted for the purpose of changing that grade. Instructor permission is required beginning the tenth day of the quarter (sixth week for summer). Note: Students must complete the coursework as directed by the instructor during the following quarter (excluding Summer Quarter). Grade errors reported after two consecutive quarters may not be changed.

ADD/DROP
Students may add classes using the Web through the fifth day of the quarter (fourth day for summer). After this date, all adds must be processed in the Registration office and require instructor’s signature after the tenth day of the quarter (eighth day for summer). Students may drop classes via the Web through the eighth week of the quarter (sixth week for summer). Instructor permission is not required to drop classes.

FULL-TIME/ PART-TIME STATUS
For academic, Social Security, VA, loan guarantor, etc., you must enroll in and complete at least 12 credits to be considered full-time; six to eleven credits is half-time; five or fewer is less than half-time.

RELEASE OF STUDENT INFORMATION/FERPA
Notice is hereby given that the colleges in Seattle Community College District VI have adopted institutional procedures in compliance with Public Law 93-380, the Family Educational Rights and Privacy Act of 1974. It provides students the opportunity to view their educational records upon request. No information contained in a student’s file will be released to any individual or organization without prior written consent of the student concerned. This does not include directory information relating to the act of enrollment in the college. Exceptions also include those records requested by subpoena, in emergency situations, in compliance with the Solomon Amendment” (military access) and Department of Education requests, and provided to the National Student Clearninghouse. Students may request, through written notice that the college not release directory information. This remains in effect until the student notifies the college that directory information can be released. For more information, students may inquire at the Registration Office or go to http://southseattle.edu/campus. *Military Recruiters may request information identified in the Solomon Amendment (phone number, address, level of education and DOB) for currently enrolled students. Information is not released for students who have filed a “do not release” form.

STATE FUNDING SUPPORT OF STUDENTS
The average total cost to educate each Washington state resident full-time community and technical college student for the 2011-12 academic year is $6,188. Students pay an average of $2,849 for tuition. The remaining $3,319 is paid by state taxes and other funds from the state of Washington’s Opportunity Pathway. The costs shown are approximate. The actual tuition a student pays each quarter varies due to credit load, residency status, and other factors.

CONCERNS OR COMPLAINTS
The Dean of Student Life is the Complaints Officer and is available to meet with students for the purpose of reviewing issues and providing advice on how to proceed. Make an appointment by calling (206) 934-5332, or stop by the Office of Student Life in the Jerry Brockey Student Center, room 133.

Read Student Handbook at studentlife.southseattle.edu/handbook.
Currently enrolled students may register earlier each quarter by registering online. Visit our website at www.southseattle.edu to determine your registration date and time; click on the My South tab and then on Confirm My Registration Time. Class registration can take place on or after the date and time specified through the fifth day of the quarter (4th day during summer quarter).

**GENERAL REGISTRATION**

- New students participate in the Steps to Enroll process. These steps are available online at www.southseattle.edu; click on Enrolling. These steps are also available on page 6 of this class schedule.
- Formerly enrolled students may register online or in person. Quarter registration dates can be found on the website or on page 4 of the quarter schedule.
- Running Start students must contact the Running Start Department at 206-934-6478.
- Continuing Education students register through the Continuing Education Department (see page 38).

**INTER-DISTRICT REGISTRATION**

Students attending South Seattle can also register for classes offered at Seattle Central or North Seattle Community Colleges. Students must apply online to each respective campus and should contact each campus for instructions on how to register. Notify your home campus to qualify for the concurrent tuition rate. Seattle Community Colleges do not provide tuition reduction for concurrent enrollment with non-SCCD colleges.

**COURSE PREREQUISITES**

All classes, with the exception of studio and performance courses, have course pre-requisites that are listed in the schedule/web site course descriptions OR a minimum COMPASS, ESL/COMPASS or ACT score. If you have not met course prerequisites, or have COMPASS scores or transcripts from another institution, please contact an Advisor to determine your next steps at (206) 934-5387 or AdvisorSouth@seattlecolleges.edu.

**WAIT LIST**

The wait list provides a fair and consistent way to enroll in a full class if openings occur. Students on a wait list will be automatically enrolled if space becomes available within the first three days of the quarter and notified by email. Visit our website at www.southseattle.edu and click on My South to update your email address, check your wait list position, remove yourself from a wait list and view your schedule for any outstanding tuition charges (tuition and fees are due 24 hours following enrollment in a wait list class). Wait list students must attend the wait list class the first day of the quarter and communicate with the instructor. Ask if class overloads will be accepted. If so, submit an enrollment form with the instructor’s signature (instructor email if online class) to the Registration Office on the 4th day of the quarter.

**STUDENT IDENTIFICATION CARD**

Students taking 3 or more credits are required to have a photo student identification card. Students enrolled in ABE, ESL, Community Service, Parent Co-op or Senior Adult Ed programs have the option to purchase a card. The fee is $5.00 and provides library privileges and computer lab and fitness center access.

**GRADES**

Grades are available on the website approximately one week after each quarter ends. Visit the My South page at www.southseattle.edu.

**STUDENT ONLINE SERVICES**

Visit www.southseattle.edu and click on the My South page to use our online services. You will need your student identification number and your PIN, which is initially set as your birthdate, in MMDDYY format. Students are encouraged to change their PIN.

**WEB HOURS**

Student online enrollment services are available seven days a week, 5:00 am to 11:00 pm.
Tuition, Fees & Financial Aid

**FINANCIAL AID**

Completed applications are evaluated on a first-come, first-served basis in the awarding cycles listed below. Students who complete the application process by the awarding cycle date are assured notification of financial aid eligibility before the first day of class (see dates below). To meet these deadlines you must mail in or submit electronically an accurate FAFSA to the processor at least six weeks before the deadline and submit required documents to the Financial Aid Office. Applications completed after the awarding cycle dates will be reviewed as time permits.

**Financial Aid Deadlines**
1. Find the quarter you want to start school
2. Complete your Financial Aid file by this date
3. Includes FAFSA application and all required forms

<table>
<thead>
<tr>
<th>Deadline Date</th>
<th>Quarter Begins</th>
</tr>
</thead>
<tbody>
<tr>
<td>October 4, 2012</td>
<td>Wednesday, January 2</td>

Late applicants must plan to pay for tuition, fees, and books from their own funds to get started. Financial aid funds for late applicants will be issued to eligible students when eligibility is determined.

For more information please call (206) 934-5811.

**FUNDING ASSISTANCE FOR EMPLOYMENT TRAINING**

Find out about funding options and employment resources in the WorkSource Center located in RSB 79.
- The WorkSource office hours are Monday through Thursday: 8:00 am to 5:00 pm and Fridays, 8:00 am to 4:30 pm.
- Visit careerservices.southseattle.edu/for evening hours.
- Get help with your resume and job search.
- Find out about the new sources of money available to low income working parents for tuition and books.
- Lay off? You may be eligible for extra funding to attend college.
- You may drop by the office to complete a referral form, which will help us determine your eligibility.

**OPPORTUNITY GRANT SCHOLARSHIP**

(206) 934-5200

Funding of up to 45 credits in tuition and $1,000 in books, supplies or tools is available for Accounting, Auto Collision Repair, Auto Technology, Aviation Maintenance, Business Information Technology, Computer Aided Drafting and Design, Diesel/Heavy Equipment, Network Administration, Network Technician, Nursing, Welding, or Wine pathways. Applications are taken continuously throughout the academic year, and eligibility is dependent on income limitations. Opportunity Grant recipients are eligible to become Peer Navigators – a great way to mentor others and earn additional funds while pursuing your educational goals. Learn more at http://www.southseattle.edu/resources/opportunitygrant.htm or in the Opportunity Grant Office in RS 56.

**SOUTH SEATTLE COMMUNITY COLLEGE FOUNDATION SCHOLARSHIPS**

The South Seattle Community College Foundation is committed to raising funds in support of student scholarships and to helping students achieve their educational goals. Any student who is currently enrolled or plans to attend South Seattle Community College for 12 or more credits per quarter is eligible to apply for a foundation scholarship. Each award is based on academic merit, financial need, program of study and school and community involvement. Scholarships are awarded for tuition only and may cover between one and three quarters of tuition. Applications are available in the campus Development office, Room RS – 01 or online at www.southseattle.edu. Scholarships are awarded during fall and winter quarter each year, with a special round for incoming high school students each spring. The deadline for fall quarter is the last Monday in October and for winter quarter it's the first Monday in February. For questions please call the Development office at (206) 934-5809.

**VETERAN AFFAIRS**

South has been designated a “Military Friendly School.” If you are a Veteran or a family member of a disabled Veteran interested in applying for VA educational benefits, please stop by the Veteran Affairs Office so we can assist you with the application process. The VA Office recommends that all forms and applications be completed as early as possible to ensure that benefits are received in a timely manner. In order to continue collecting VA benefits, a request for benefits must be submitted each quarter. These forms are available outside the VA office. A tuition discount is available for qualifying Veterans. For VA benefits other than educational we have a Vet Corps. representative to field any questions that you might have. For more information please call (206) 934-5811.

**TUITION**

For academic, financial aid, Social Security, VA, insurance and loan guarantor purposes, 12 or more credits is considered full time. In order to be verified as enrolled, tuition and fees must be paid in full or student must be enrolled in the automatic payment plan (http://www.southseattle.edu/services/faacts.htm).

Our Mission

South Seattle Community College is a constantly evolving educational community dedicated to providing quality learning experiences which prepare students to meet their goals for life and work. The College values and promotes a close involvement with the community and strong partnerships with business, labor, and industry. The College commits to serving the diverse needs of students in our communities by providing:

- College transfer and technical and professional programs which prepare students to succeed in their careers and further their education
- Responsive technical and professional training developed in collaboration with business, labor, and industry
- Student-centered and community-centered programs and services which value diversity, support learning, and promote student success
- Life-long learning opportunities for the cultural, social, professional and personal development of the members of our communities

Core Themes

- Student Achievement
- Teaching and Learning
- College Culture and Climate
- Community Engagement and Partnerships

College Community Responsibilities

At South each of us will... treat each other with courtesy and respect, speak civilly and act reasonably. We will build a learning community and strong partnerships with the community and the business, labor, and industry. The College commits to serving the diverse needs of students in our communities by providing:

The Bachelor of Applied Science (BAS) degree in Hospitality Management

Become a Leader in the Hospitality Industry!

The Bachelor of Applied Science (BAS) degree in Hospitality Management at South Seattle Community College prepares students who have completed a two-year technical or approved associate degree for a broad skill set of competencies in the growing hospitality industry.

The degree provides students with upper-division discipline classes for the preparation of management, marketing, human resource, and technical positions in all facets of the hospitality industry. These include tourism, hotel operations, restaurant management, catering, cruise ship/casino operations, and travel.

Contact Katie Frazier, manager of Baccalaureate Degree Programs, at (206) 934-6783 or katie.frazier@seattlecolleges.edu.

Preparing for College
Basic & Transitional Studies

Whether you need to brush up on your reading, writing or math skills, are an immigrant student needing help with English language skills, or need assistance making the first steps towards college, South has a variety of programs that will help you realize your dreams of higher education.

GED® PREP
(NON-CREDIT) - (206) 934-5363

Students get a general review of the five (5) subject areas covered by the GED® tests: Science, Social Studies, Reading, Math, and Writing. Classes are offered on main campus and NewHolly campus. Tuition for GED® is $25 per quarter. Before entering the program, students are required to attend a class orientation offered once per quarter. If you only want to take the GED® tests, contact Student Assessment Services at (206) 934-5349.

South Seattle Community College - 6000 16th Ave. SW
Morning and evening classes. Call (206) 934-5363 for more information and orientation dates.

NewHolly Campus - 7058 32nd Ave South
Morning classes. Call (206) 934-6642 for more information and orientation dates.

ESL COMPASS PREPARATION CLASSES

For adults whose reading, writing and math skills are at a fourth grade level or higher but wish to improve these skills. Reading and writing are integrated to give students the foundation for effective communication. Reading instruction emphasizes comprehension, vocabulary development, critical thinking, and study skills. Writing skills include review and application of language and grammar rules, correct usage and spelling, and writing sentences and paragraphs. Math instruction includes skill development in whole numbers, fractions, decimals, and percents, and introduction to algebra and geometry. Classes are offered on main campus and NewHolly campus. $25 per quarter tuition charge.

South Seattle Community College
6000 16th Ave. SW
Morning and evening classes. Call (206) 934-5363 for more information or orientation dates.

NewHolly Learning Campus
7058 32nd Ave. S
Morning classes. Call (206) 934-6642 for more information.

TRANSLATIONAL ENGLISH AS A SECOND LANGUAGE
(NON-CREDIT) - (206) 934-5363

English as a Second Language (ESL) classes are offered to non-native speakers. We serve immigrants, permanent residents, and refugees in this program only. Conversation, pronunciation, reading, writing, and grammar are taught in a combined skills core class with special emphasis on English language skills that can benefit the student in the community, on the job or for other specific purposes. Before entering the program, students must take the required English language placement test, which is offered once per quarter. Non-credit ESL classes have a $25 per quarter tuition charge.

South Seattle Community College - 6000 16th Ave.SW
Morning and evening classes. Call (206) 934-5363 for more information.

NewHolly Campus - 7058 32nd Ave. S
Morning and evening classes. Call (206) 934-6642 for more information.

ADULT BASIC EDUCATION
(NON-CREDIT) - (206) 934-5363

Courses help students build a solid foundation for college success. For more information refer to the 080 and 090 series courses in the English and Math sections of this schedule for minimum acceptable test scores for enrollment. Counselors and advisors will help place you in the class where you can do your best. Prereq: COMPASS or ESL COMPASS.

ESL 095 COLLEGE PREPARATORY ENGLISH FOR NON-NATIVE SPEAKERS I
This course is designed for non-native speakers of English who need to improve their reading and writing skills through sentence, paragraph and vocabulary development and written responses to a wide variety of pre-college reading. Concurrent enrollment in ESL 085 is highly recommended. Prereq: ESL COMPASS placement or instructor permission. 1302.01 5 or DAILY 8:00 - 8:50 am Staff

ESL 097 COLLEGE PREPARATORY ENGLISH FOR NON-NATIVE SPEAKERS II
This course is designed for non-native speakers of English who need practice developing coherent paragraphs into short compositions, improving reading comprehension and speed, building college-level vocabulary, and responding to college appropriate materials using academic vocabulary in written responses. Concurrent enrollment in ESL 086 is highly recommended. Prereq: ESL COMPASS 1305.001 5 or DAILY 8:00 - 8:50 am Staff

ESL 085 SURVEY OF ENGLISH GRAMMAR I
This course is designed for non-native speakers of English who need basic English grammar instruction, review and practice. Emphasis is on sentence level writing, with a focus on verb tenses, sentence structure and sentence types. Concurrent enrollment in ESL 095 is highly recommended. Prereq: ESL COMPASS placement, completion of ESL 085 or instructor permission. 1304.01 5 or DAILY 9:00 - 9:50 am Staff

ESL 086 SURVEY OF ENGLISH GRAMMAR II
This course is designed for non-native speakers of English who need to improve their understanding of more intermediate and advanced grammar instruction. Emphasis will be on further development of editorial skills and academic vocabulary. Concurrent enrollment in ESL 097 is highly recommended. Prereq: ESL COMPASS placement, completion of ESL 085 or instructor permission. 1304.01 5 or DAILY 9:00 - 9:50 am Staff

NUR 098 INTRO TO APPLYING ACADEMIC STUDY STRATEGIES
Intro to the learning strategies, thinking and metacognitive skills necessary for success in healthcare and nursing. Prereq: admission into health care Pathways program. 1310.01 3 cr MTTh 12:00 - 12:50 pm CAS 201 Baldwin

NUR 099 INTRO TO APPLYING ACADEMIC STUDY STRATEGIES
Intro to the learning strategies, thinking and metacognitive skills necessary for success in healthcare and nursing. Prereq: admission into health care Pathways program.
Inbound
South considers international students to be people currently holding a non-immigrant visa and those who come to the U.S. for the primary purpose of obtaining an education. Students interested in attending South must complete an application packet which is available at southseattle.edu/international, the International Programs Office in RSB 011, or by calling (206) 934-5360.

Outbound
South Seattle Community College encourages students to participate in study abroad opportunities. There are a variety of study abroad programs, subjects, and costs offered through South and their partners. Students can learn more about study abroad programs at www.southseattle.edu/study-abroad. Interested students should contact the Study Abroad Coordinator at southstudyabroad@seattlecolleges.edu to learn more about programs and scholarship opportunities.

Orientation Program
International Programs offers a full orientation program for international students. New students connect with South during the Orientation Week activities listed on http://southseattle.edu/international/orient.htm or call (206) 934-5360. A quarter long course, HDC 200 Orientation to the American Community College, provides on-going support and information on how to meet your goals at South.

Intensive English Program (IEP)
The Intensive English Program curriculum and structure is designed for the non-immigrant, non-native English speakers. The program is primarily designed to prepare International Students for college-level course work. Serious language learners who want to approach language acquisition in an integrated and structured method will also benefit.

College Transfer & Preparatory Academics

South Seattle Community College offers several specialized degrees, which can help you move faster to your four-year degree. We offer an AA degree in Business or Asian Pacific Islander Studies; an AEE degree in Elementary Education; or an AS degree in Engineering/Computer Science/Physics or Biological Sciences/Chemistry. For a full listing of our degree options contact Advising at 934-5387 or go to http://southseattle.edu/academicprograms.htm.

Associate of Arts Degree Requirements
http://southseattle.edu/programs/academicprograms.htm

Basic Requirements - 15 credits

- English &101 and &102 - 10 credits
- Mathematics/Quantitative Reasoning - 5 credits

Special Requirements

Students are required to have five credits in both Global Studies and U.S. Cultures. These courses are designated in the schedule text.

Integrated Studies - 8 credits minimum

Integrates subjects from different areas of knowledge, emphasizing active learning strategies and writing. Designated individual and linked courses within Distribution Requirements satisfy this criteria. Students customizing their own programs must make arrangements through counselor/advisor. Courses satisfying this requirement: AME 151; ANTH& 205, 206; ART 100, 170; ENGL 245, 260; ENV 150; HIST& 105, 126, 146, 147, 148, 210, 214; HUM 210; MUSC 110, 116, 117, 160, 161; POLS& 202, 203, PSYC& 200.

Oral Communications/Speech - 5 credits

Specific courses which include a significant component of oral communication skill development can be taken as part of Distribution Requirements.

- 15 credits are required in each of three distribution areas:
  (1) Visual, Literary and Performing Arts, (2) Individuals, Cultures and Societies, and (3) The Natural World.

- Within each distribution area (also referred to as Areas of Knowledge) students are required to take courses from at least two different disciplines.

Visual, Literary & Performing Arts - 15 credits

Minimum of two prefixes. No more than 5 credits may be taken in foreign languages, studio or performance classes.

Individuals, Cultures & Societies - 15 credits

Minimum of two prefixes. Choices might include 5 credits each from U.S. Cultures and Global Studies. See Special Requirements.

The Natural World - 15 credits

Minimum of two prefixes. 5 credits of lab science required with no more than 5 credits in Language of Science courses, prefix groups GEOG, PSYC, or ANTH.

Electives - 30 credits

See counselor/advisor for a list of elective courses. Courses titled Independent Study, Special Problems, and Special Topics may be used for Electives only.

- Students may take up to 6 credits each of Human Development and Library Research courses.

Total credits for the AA degree: 90

Areas of Knowledge

Use this chart to choose distribution requirements and electives.

Visual, Literary, and Performing Arts 15 Credits

Choices must include a minimum of two different course prefixes, and no more than 5 credits each of a world language at the 100 level and a studio/performance class (*asterisked below) may be applied to the distribution requirements.

| CMSTA & 100 | CMST 205, 245, 275 |

0283.01 5 cr DAILY 11:00 am - 11:50 am RAH 212 McCrath

**ART & PINE ART**

**ART 101  DESIGN - COLOR [VLPA]**
Studio series in the fundamentals of two-dimensional art with problems based on line, shape, texture and space, with emphasis on color theory. This course includes practical applications of theories to design incorporating paper design, drawing and painting. No prior art skills are required.

0010.01 5 cr MW 9:00 am - 11:30 am RSB 17A Lantz

0011.01 5 cr MW 9:00 am - 11:30 am RSB 17A Lantz

**ART 102  DESIGN - COLOR [VLPA]**
Continuation of ART 101. Intro three-dimensional space organization. Prereq: ART 101 [studio class]

0011.01 5 cr MW 9:00 am - 11:30 am RSB 17A Lantz

**ART 103  DESIGN - COLOR [VLPA]**
Continuation of ART 102 with individual design problems and tutorial. Prereq: ART 102 or instructor permission. [studio class]

0012.01 5 cr MW 9:00 am - 11:30 am RSB 17A Lantz

**ART 111  DRAWING [VLPA]**
Study of line, value, space, perspective and composition through the use of charcoal, pencil and pen. Covers still life, figure and landscape drawing. Recommended for all students.

0014.01 5 cr MW 12:00 pm - 2:30 pm RSB 17A Lantz

**ART 112  DRAWING [VLPA]**
Continued study of still life, figures and landscape. Study drawing techniques using a variety of media and color. Advanced studies in composition, expression and development of personal subject matter. Prereq: ART 111, [studio class]

0015.01 5 cr MW 12:00 pm - 2:30 pm RSB 17A Lantz

**ART 113  DRAWING [VLPA]**
Continuation of ART 112. Individual problems in drawing. Prereq: ART 112 or permission.

0016.01 5 cr MW 12:00 pm - 2:30 pm RSB 17A Lantz

**ART 120  COMPUTER ART [VLPA]**
Introduction to creating art on the computer. Software used: Photoshop, Illustrator. No prerequisite.

0302.01 5 cr TTh 12:00 pm - 2:30 pm OLY 102 Koutsky

0303.01 5 cr MW 11:00 am - 1:30 pm RSB 17A Lantz

**ART 141  ADVANCED COMPUTER ART [VLPA]**
Continuation of ART 210 with advanced projects. Prereq: ART 210 or permission. Fee(s), meeting dates and software requirements dependent upon section choice, contact jan.koutsky@seattlecolleges.edu and review https://sites.google.com/a/southseattle.edu/online/welcome-letter.

0021.01 5 cr TTh 12:00 pm - 2:30 pm RSB 17A Lantz

0022.01 5 cr TTh 12:00 pm - 2:30 pm RSB 17A Lantz

0023.01 5 cr TTh 12:00 pm - 2:30 pm RSB 17A Lantz

**ART 205  WATER COLOR PAINTING [VLPA]**
Intro to watercolor painting. Covers basic wash techniques, color mixture, value contrast, composition and wet into wet. Recommended. Some drawing background.

0019.01 5 cr TTh 12:00 pm - 2:30 pm RSB 17A Lantz

ART 207  WATER COLOR PAINTING [VLPA]
Individual watercolor projects in series. Prereq: ART 206 or permission.

0263.01 5 cr TTh 12:00 pm - 2:30 pm OLF 102 Koutsky

0231.01 5 cr TTh 12:00 pm - 2:30 pm RAH 212 Koutsky

0232.01 5 cr TTh 12:00 pm - 2:30 pm OLF 102 Koutsky

0910.70 5 cr ONLINE Koutsky

**ART 211  SCULPTURE [VLPA]**
Develop an understanding of relief and three dimensional artwork in clay. Build sculpture on armatures and experiment with mixed media. Materials fee.

0044.01 5 cr MW 11:00 am - 1:30 pm RAH 217 Lockhart

0045.01 5 cr MW 11:00 am - 1:30 pm RAH 217 Lockhart

**ART 212  SCULPTURE [VLPA]**
Advanced explorations of relief and three-dimensional composition in clay and mixed media. Advanced mold making techniques will be covered. Prereq: ART 211 or instructor permission. Materials fee.

0032.01 5 cr MW 11:00 am - 1:30 pm RAH 217 Staff

0033.01 5 cr MW 11:00 am - 1:30 pm RAH 217 Staff

**ART 213  SCULPTURE [VLPA]**
Continuation of three-dimensional composition with emphasis on life studies. Basic materials used are clay, plaster or wood. Prereq: ART 212 and permission. Materials fee. [Studio class]

0031.01 5 cr MW 11:00 am - 1:30 pm RAH 212 Lockhart

0030.01 5 cr MW 11:00 am - 1:30 pm RAH 212 Lockhart

0314.01 5 cr MW 11:00 am - 1:30 pm RAH 212 Lockhart

**ART 214  ADVANCED COMPUTER ART [VLPA]**
Continuation of ART 210 with advanced projects. Prereq: ART 210 or permission. Fee(s), meeting dates and software requirements dependent upon section choice, contact jan.koutsky@seattlecolleges.edu and review https://sites.google.com/a/southseattle.edu/online/welcome-letter.

0111.70 5 cr ONLINE Koutsky

**ART 220  PAINTING [VLPA]**
Beginning oil or acrylic media painting of still life and landscape. Covers basics of composition, value studies, color mixing, canvas preparation, and various styles and techniques [studio class]. Recommended; drawing background.

0018.01 5 cr TTh 12:00 pm - 2:30 pm RSB 17A Lantz

0019.01 5 cr TTh 12:00 pm - 2:30 pm RSB 17A Lantz

**ART 230  PAINTING [VLPA]**
Continue studies in color, composition and subject matter through individual instruction. Prereq: ART 202. [studio class]

0020.01 5 cr TTh 12:00 pm - 2:30 pm RSB 17A Lantz

**ART 240  COMPOSITION [VLPA]**
Organize and develop ideas, stressing clear, mature and logical writing. Includes appropriate reading to illustrate the development patterns of written English. Prereq: ENGL 101.

0999.01 5 cr MW 12:00 pm - 2:30 pm RAH 217 O’Leary

**ENGL 102  COMPOSITION**
Continuation of ART 112. Individual problems in drawing. Prereq: ART 112 or permission.

0016.01 5 cr MW 12:00 pm - 2:30 pm RSB 17A Lantz

**ENGL 103  COMPOSITION**
Emphasis on the development of an individual writing style. Includes composition and correction of written English. Students write in a variety of ways and genres. Prereq: English 102 or permission.

0016.01 5 cr MW 12:00 pm - 2:30 pm RSB 17A Lantz

**ENGL 105  COMPOSITION**
Development of ideas, stressing clear, mature and logical writing. Includes appropriate reading to illustrate the development patterns of written English. Prereq: ENGL 101.

0999.01 5 cr MW 12:00 pm - 2:30 pm RAH 217 O’Leary
ART 215  ADVANCED COMPUTER ART II [VLPA]
Continuation of ART 214. Advanced projects with Photoshop and Illustrator. Fee(s), meeting dates and software requirements dependent upon section choice, contact jan.koutsky@seattlecolleges.edu and read https://sites.google.com/a/southseattle.edu/online/welcome-letter

0705.25  5 cr  T  9:00 am - 10:50 am  OLY 307  Staff

BIOLOG\&100  SURVEY OF BIOLOGY [NW]
Intro to biological principles and concepts; cell biology: application of biological knowledge to problems of society; and development of an awareness of science. Lab included. For biotechnology and non-science majors. Section 70 online fee, contact carey.schroyer@seattlecolleges.edu and read https://sites.google.com/a/southseattle.edu/online/welcome-letter
9815.70  5 cr  ONLINE  Schroyer

BIOLOG\&150  THE BIOLOGY AND EVOLUTION OF INFECTIOUS DISEASES [NW][C&S][GS]
Focuses on the basic biology, epidemiology, and evolution of infectious human diseases in both a local and global environment. Emphasis will be placed on diseases that have significantly impacted human societies and have the potential to do so as newly emerging infectious diseases. The course will also consider the economic, social, cultural, historical, political, and ethical impact of past, present and future disease epidemics. Diseases studied may include Cholera, Ebola, HIV/AIDS, Tuberculosis, Malaria, Influenza (including H1N1), Smallpox, and others. Prereq: ENGL 096 or permission. Section 70 online fee, contact carey.schroyer@seattlecolleges.edu and read https://sites.google.com/a/southseattle.edu/online/welcome-letter
9830.70  5 cr  ONLINE  Schroyer

BIOLOG\&160  GENERAL BIOLOGY W/ LAB [NW]
Basic biology concepts with an emphasis on biological molecules, cell structures and processes, genetics, and a survey of biodiversity. Lab course with applicable fees.
0306.01  5 cr  TThF  8:00 am - 8:50 am  OLY 305  Staff
0309.02  5 cr  MWF  10:00 am - 10:50 am  OLY 305  Staff

0308.25  5 cr  TThF  6:00 pm - 7:50 pm  OLY 305  Staff

BUS 200  LAW AND SOCIETY [E]
Fundamental concepts, structure, and function of the American legal system. Emphasis on the role of law in society rather than on the rules of law. Includes sources of law, court systems, dispute resolution, constitutional law, torts, criminal law, contracts, and legal reasoning
0774.01  5 cr  DAILY  12:00 pm - 12:50 pm  UNI 200  Staff

BUS 201  BUSINESS LAW [E]
Nature, development and operation of principles of business law relating to contracts, commercial paper, corporations, agency, partnerships and sales. Section 70 online fee, contact aimee.goodwin@seattlecolleges.edu and read https://sites.google.com/a/southseattle.edu/online/welcome-letter
9816.70  5 cr  ONLINE  Staff

BUS 210  BUSINESS AND ECONOMIC STATISTICS [E]
Introduction into basic statistical techniques for descriptive and inferential data analysis. Learn how to use these techniques to aid the decision-making process. Emphasis on statistical methods and applications to business and economic data. Prereq: MATH 098 or MATH 116. Section 70 online fee, contact frank.post@seattlecolleges.edu and read https://sites.google.com/a/southseattle.edu/online/welcome-letter
0776.01  5 cr  DAILY  9:00 am - 9:50 am  UNI 100  Sauer
0781.25  5 cr  TThF  6:00 pm - 8:20 pm  UNI 200  Doman
9824.70  5 cr  ONLINE  Post
COMMUNICATION

CMST&101 INTRODUCTION TO COMMUNICATION [VLPA]
Intro to communication as a transactional process, with attention to personal, cultural, group and public communication. Covers verbal and nonverbal messages, listening, self-concept and perception. Prereq: Placement into ENGL&101.

CMST 205 MULTICULTURAL COMMUNICATION [VLPA]
Open-ended study of the concepts of culture and the opportunities and challenges of multicultural communication within domestic settings. Focuses on the importance of culture in all human interaction; the variables which affect intercultural communication, including ethnicity, gender, and multicultural identities; and the influences of American culture around the world. Prereq: ENGL&101.

CMST&220 PUBLIC SPEAKING [VLPA]
Covers the process of getting started with confidence: topic selection and research; preparation and delivery of informative, persuasive, special occasion, and other forms of presentations. Prereq: Placement into ENGL&101.

ECONOMICS

ECON 100 SURVEY OF ECONOMICS [IC&S][Q][C]
Examines basic principles of economics, determination of national prosperity, income distribution, the role of government, price determination, allocation of resources, economic systems, and market behavior. Prereq: MATH 98.

ECONA 201 MICRO ECONOMICS [IC&S][Q]
Costs and benefits associated with income distribution with emphasis on price determination, production costs and market structures. Application or economic reasoning to public issues and business. Fulfills QSR requirement for AA degree. Prereq: MATH 98.

ECONA 202 MACRO ECONOMICS [IC&S][Q][GS]
Analysis of the aggregate economy: GDP, inflation, business cycles, unemployment, fiscal and monetary policies, federal deficits, and international trade and finance. Fulfills QSR requirement for AA degree. Prereq: MATH 98.

EDUCATION

EDUC 200 PEER TUTORING [E]
Learn and grow as a tutor, mentor, community service volunteer. Seminar class includes problem solving strategies, learning styles, critical thinking skills, effective tutoring techniques. Learn while working as a college or community tutor, mentor, volunteer. Be part of the college tutoring program or a writing assistant in the Writing Center. Prereq: CRLA certification. Placement into ENGL&101.

COLLEGE SUCCESS

HDC 100 CAREER PLANNING & PERSONAL EVALUATION [E]
Intro to a systematic approach to help the individual gain a better understanding of self relating to occupational interests and goals. Includes testing and discussions of values, interests and skills. $60 assessment fee. 1056.01 2 cr TTh 11:00 am - 11:50 am Nakashima

HDC 125 LEARNING STRATEGY FOR MATH SUCCESS [E]
Identifies emotional and cognitive barriers to math learning. Covers research-based skills for strengthening math approach and performance. Includes learning styles, anxiety management, relaxation techniques, cognitive behavioral strategies, memory storage and retrieval, and other skills related to math success. This course requires concurrent enrollment in Math 083 at 11:00 am (#085). See page 23. 0569.01 2 cr TTh 12:00 pm - 12:50 pm RAH 205 Coates-White

COMMUNITY

CMST&101 INTRODUCTION TO COMMUNICATION [VLPA]
Intro to communication as a transactional process, with attention to personal, cultural, group and public communication. Covers verbal and nonverbal messages, listening, self-concept and perception. Prereq: Placement into ENGL&101.

CMST 205 MULTICULTURAL COMMUNICATION [VLPA]
Open-ended study of the concepts of culture and the opportunities and challenges of multicultural communication within domestic settings. Focuses on the importance of culture in all human interaction; the variables which affect intercultural communication, including ethnicity, gender, and multicultural identities; and the influences of American culture around the world. Prereq: ENGL&101.

CMST&220 PUBLIC SPEAKING [VLPA]
Covers the process of getting started with confidence: topic selection and research; preparation and delivery of informative, persuasive, special occasion, and other forms of presentations. Prereq: Placement into ENGL&101.

ECONOMICS

ECON 100 SURVEY OF ECONOMICS [IC&S][Q][C]
Examines basic principles of economics, determination of national prosperity, income distribution, the role of government, price determination, allocation of resources, economic systems, and market behavior. Prereq: MATH 98.

ECONA 201 MICRO ECONOMICS [IC&S][Q]
Costs and benefits associated with income distribution with emphasis on price determination, production costs and market structures. Application or economic reasoning to public issues and business. Fulfills QSR requirement for AA degree. Prereq: MATH 98.

ECONA 202 MACRO ECONOMICS [IC&S][Q][GS]
Analysis of the aggregate economy: GDP, inflation, business cycles, unemployment, fiscal and monetary policies, federal deficits, and international trade and finance. Fulfills QSR requirement for AA degree. Prereq: MATH 98.

EDUCATION

EDUC 200 PEER TUTORING [E]
Learn and grow as a tutor, mentor, community service volunteer. Seminar class includes problem solving strategies, learning styles, critical thinking skills, effective tutoring techniques. Learn while working as a college or community tutor, mentor, volunteer. Be part of the college tutoring program or a writing assistant in the Writing Center. Prereq: CRLA certification. Placement into ENGL&101.
ENGR 110 ENGINEERING ORIENTATION [E]  
Covers fields of engineering, career options, and general information.  
6104.01 2 cr  F  12:00 pm - 1:50 pm OLY 206 Staff

ENGR&111 ENGINEERING GRAPHICS 1 [NW]  
Covers principles of orthographic projection, freehand sketching, pictorials, scales and use of instruments, basic dimensioning and descriptive geometry. Introduction to computer-aided and designed drafting. Prereq: MATH& 141 or MATH 122.  
6106.01 4 cr  TTh  9:00 am - 10:50 am CAS 300B Nguyen

ENGR&112 ENGINEERING GRAPHICS 2 [E]  
Continuation of ENGR&111. Includes basic principles of revolution, principles used to solve problems relating to curved and warped surfaces, intersection of surfaces, development of common shaped surfaces, and procedures for finding the locus of a curve. Prereq: ENGR& 111. Lab course with applicable fees.  
6108.01 4 cr  MWF  9:00 am - 10:50 am CAS 300B Nguyen

ENGR&204 ELECTRICAL CIRCUITS [E]  
Covers basic circuit and components concepts. Resistors, capacitors, inductors and operational amplifiers. Includes solution of first and second order linear differential equations associated with basic circuit forms. Prereq: PHYS&222 and MATH&152.  
6115.01 5 cr  MWF  8:00 am - 8:50 am UNI 203 Lyman

ENGR&215 DYNAMICS [NW]  
Studies motion and the forces which affect the motion, including rectilinear motion, curvilinear motion, plane motion, dynamic force analysis, work and energy, impulse and momentum. Prereq: ENGR& 214 with a 2.5 or better and MATH&152.  
6118.01 5 cr  DAILY  1:00 pm - 1:50 pm OLY 200 Staff

ENGR&225 MECHANICS OF MATERIALS [NW]  
Covers basic relationships between axial, torsion, bending, and shear loads acting on solid elements such as rods, shafts, columns, and beams and their allowable stress, strains and deformations. Mohr’s circle of stress. Prereq: ENGR& 214 and MATH& 152.  
5917.01 5 cr  MWF  1:00 pm - 2:50 pm UNI 203 Lyman

ENGR 298 SPECIAL TOPICS [E]  
A seminar of selected topics and/or activities in engineering. Prereq: Variable, dependent on topic.  
6125.01 1-5 cr  TTh  1:00 pm - 3:30 pm CAS 300B Nguyen

ENGR 299 INDEPENDENT STUDY [E]  
Independent study of approved engineering topics. Prereq: Permission.  
5962.01 1-5 cr  TTh  1:00 pm - 3:30 pm CAS 300B Nguyen

MET 210  
TECHNICAL STRENGTH OF MATERIALS [E]  
Studies principles of tension, compression and shear stress to determine the correct size for structural beams and shafts. Examination of distribution and magnitude of stress in welded and riveted joints, thin-walled cylinders, torsional members and beams. Prereq: MET 205.  
5915.01 4 cr  DAILY  8:00 am - 8:50 am UNI 203 Lyman

ENGLISH PLACEMENT  
See your advisor or counselor for current scores.

FOUNDATION FOR COLLEGE SUCCESS  
The ENG 080 and 090 series of courses help ensure students build a solid foundation for college success. The writing courses, for students who test between 32 and 76 on the COMPASS Writing placement exam, and the reading courses, for students who test between 55 and 82 on the COMPASS Reading placement exam, help students build towards college transfer courses. Counselors and advisors will help place you in the classes where you can do your best.

ENGLISH  
ENGL 079 ENGLISH SAT PREP [E]  
Builds skills in persuasive writing; grammar rules, mechanics, and punctuation; sentence structure and revision; reading strategies and comprehension; and vocabulary development.  
0966.99 2 cr  Sa  8:00 am - 12:00 pm UNI 205 Quillian  
Note: Class meets from 4/06/13 to 4/27/13

ENGL 080 WRITING SKILLS I [PREP]  
For students with a sound knowledge of grammar and syntax, the focus is on writing correct English sentences, this is supplemental to other writing classes and concurrent enrollment in a writing course is required. Please note that this class is variable credit (2 - 5 credits).  
0830.01 2-5 cr  DAILY  8:00 am - 8:50 am LIB 205 Mirabella

ENGL 081 READING SKILLS I [PREP]  
Improve your most important academic skill - reading comprehension. Learn the basic reading, thinking and vocabulary skills required for advancement. Please note that this class is variable credit (2 - 5 credits).  
0831.01 2-5 cr  DAILY  8:00 am - 8:50 am LIB 205 Mirabella

ENGL 082 WRITING SKILLS II [PREP]  
Students learn to revise original written work for content, organization, development, style as well as proofreading and editing for grammar, syntax and spelling. Concurrent enrollment in a writing course is required. Please note that this class is variable credit (2-5 credits).  
0832.01 2-5 cr  DAILY  8:00 am - 8:50 am LIB 205 Mirabella

ENGL 084 SPELLING AND VOCABULARY [PREP]  
Study of prefixes, suffixes, roots, context clues, and essential vocabulary words; or study spelling rules and patterns. Students will study vocabulary or spelling depending on assessment of greater need. Please note that this class is variable credit (2 - 5 credits).  
0833.01 2-5 cr  DAILY  8:00 am - 8:50 am LIB 205 Mirabella

ENGL 086 GRAMMAR AND PUNCTUATION I [PREP]  
Fast-paced course that covers grammar and punctuation from basic sentence structure through more advanced elements of sentence building, including parts of speech, and sentence types. A good course for beginning writers and good writers needing to brush up on editing skills. Please note that item 0846 is variable credit (2-5 credits).  
0808.01 5 cr  DAILY  9:00 am - 9:50 am RAH 217 Mirabella

ENGL 094 WRITING IMPROVEMENT I [PREP]  
Learn the basics of English grammar needed for editing final drafts as well as the advanced elements of sentence building. Concurrent enrollment in ENGL 081, ENGL 091, or ENGL 095 is required.  
0804.01 5 cr  DAILY  9:00 am - 9:50 am RAH 217 Mirabella

ENGL 095 COLLEGE PREP READING & STUDY SKILLS III [PREP]  
Learn the reading and study skills critical for success in college-level classes. Learn how to be a student.  
0815.01 5 cr  DAILY  10:00 am - 10:50 am RAH 217 Mirabella

ENGL 096 COLLEGE PREPARATORY WRITING III [PREP]  
Build writing skills through clear, correct sentences, well-developed paragraphs and coherent short essays. Concurrent enrollment in ENGL 081 or 095 is required.  
0877.01 5 cr  DAILY  8:00 am - 8:50 am OLY 103 Quillian

ENGL 098 COLLEGE PREPARATORY WRITING IV [PREP]  
Emphasis on writing skills for essays or longer papers. Practice in collecting, shaping, revising, editing and proofreading papers. Includes grammar, punctuation and other skills needed for effective writing. Prereq: ENG 096, ESL 079, or IEL 081 with a 2.5 or higher.  
0807.01 5 cr  DAILY  8:00 am - 8:50 am OLY 103 Quillian

ENGL 100 CRITICAL LITERACY FOR COLLEGE WRITING [PREP]  
Intended for students who are ENGL 080-ready but who wish to move directly into ENGL& 101. ENGL 100 must be taken concurrently with ENGL&101. It is a tandem course designed to advance/support college-level critical literacy (both reading and writing), includes small group work. Prereq: Appropriate placement testing into ENGL 098 and concurrent enrollment in ENGL& 101. Item 0882 hybrid fee.  
0821.01 5 cr  DAILY  12:00 pm - 1:20 pm RAH 216 Staff

ENGL&101 ENGLISH COMPOSITION I [BR]  
Intro to the writing process. Writing assignments focus on non-fiction prose, with subject matter drawn from firsthand experience and observation. Prereq: Satisfactory performance on English placement test or ENGL 098 with 2.0 or above. Section 70 online fee, contact instructor and read https://sites.google.com/a/southseattle.edu/online/welcome-letter. Item 9828 hybrid fee.  
0834.01 5 cr  DAILY  8:00 am - 8:50 am RAH 216 Staff

ENGL&102 COMPOSITION II [BR]  
Continuation of the composition sequence with further instruction and practice in the writing process, concentrating on critical reading and writing techniques needed for the preparation and completion of documented essays. Prereq: ENGL& 101 with a 2.0 or higher. Section 70 online fee, contact your instructor and read https://sites.google.com/a/southseattle.edu/online/welcome-letter. Item 9829, holly.gilmour@seattlecolleges.edu, Item 9831, aimee.goodwin@seattleccolleges.edu.  
0967.03 5 cr  DAILY  8:00 am - 8:50 am OLY 101 Nolan

ENGL 153 CREATIVE WRITING [VLPA]  
Reading and writing poetry and fiction with an emphasis on effective elements and techniques. Prereq: ENGL& 101  
0976.01 5 cr  DAILY  9:00 am - 10:50 am Staff
ENGL 201 ADVANCED COMPOSITION [VLPA]
Reading and writing exposition with emphasis on context, audience, and rhetorical options. Provides critique experience for own and others’ writing. Prereq: ENGL 161 or permission.
0072.01  5 cr MWF 11:00 am - 12:20 pm  OLY 100  Hickey

ENGL 235 TECHNICAL WRITING [VLPA]
Explores the basic formats and content of technical communication: writing process; analysis of purpose and audience for a variety of reports and documents; research, documentation, presentation of technical material, and communication in digital media. Activities include writing and editing in a technical context, communicating in digital media, and collaborative writing. Prereq: ENGL 101. Section 70 online fee, contact roger.bouret@seattlecolleges.edu and read https://sites.google.com/a/southseattle.edu/online/welcome-letter.
9892.70  5 cr ONLINE  Bouret

ENGL 252 NOVELS OF WESTERN LITERATURE [VLPA]
Emphasis on European and American novels from the past two centuries viewed in the philosophic and historical contexts of the time. Authors include: Hawthorne, Kafka, Golding, Fitzgerald, Camus and Steinbeck. Prereq: Placement into ENGL 101.
0090.01  5 cr DAILY 10:00 am - 10:50 am  RAH 210  Thompson

ENGL 260 ASIAN AMERICAN LITERATURE [VLPA][USC]
Focuses on fiction and poetry of Asian Americans, covered in order of their immigration: Chinese, Japanese, Filipino, Korean, Southeast Asian and the recent groups from Asia and the Pacific Islands. This course satisfies one of the requirements for an AA degree with an API studies emphasis. Prereq: ENGL 101 placement.
0081.01  5 cr DAILY 9:00 am - 9:50 am  OLY 206  Dela-Cruz

ENV S 170 ENERGY & RESOURCES: NOW & FUTURE [IC&S][NW]
Study of energy and material resources, both personal and worldwide production and consumption. Investigates the impact on the natural environment from production of coal, wind, solar and hydropower; gasoline, electricity and hydrogen fuel transportation; and natural gas and biomass heating options. Focus on sustainable alternatives to meet energy and material needs.
0472.01  5 cr DAILY 10:00 am - 10:50 am  OLY 206  Walsh

GEOLOGY

GEOL 101 PHYSICAL GEOLOGY [NW]
Covers the origins and development of minerals and rocks, changing features of Earth’s crust and the processes that have shaped these features. Lab included with applicable fees.
0385.25  5 cr T/TH 6:00 pm - 8:30 pm  RAH 301  Staff

GEOL 106 DINOSAURS [NW]
Studies dinosaurs and the world they lived in. Covers origins, evolution, biology, behavior and extinction of dinosaurs and their relationship to birds and mammals. Intro to history of the biosphere, Earth’s climate and its changes.
0383.01  5 cr DAILY 9:00 am - 9:50 am  RAH 301  Staff

HEALTH

HEA 125 HEALTH AND WELLNESS [NW]
Overview of health as an individual and community based social construct. Analyzes health determinants and health outcomes as a function of genetics, culture, the environment and personal health behaviors. Emphasizes a holistic model and intellectual inquiry into what constitutes health and well-being. Section 70 online fee, contact janet.kapp@seattlecolleges.edu and read https://sites.google.com/a/southseattle.edu/online/welcome-letter.
9845.70  5 cr ONLINE  Kapp

HEA 150 HEALTH AND HUMAN SEXUALITY [NW]
Covers principles of personality development, body functioning, problems and solutions; human sexuality and family education relating to psycho-sexual development, behavior, problems and solutions. This online class provides the student with a multidimensional understanding of health and human sexuality using the Internet and World Wide Web as a communications and research tool. On-line fee. Section 70 online fee, email aimee.goodwin@seattlecolleges.edu and read https://sites.google.com/a/southseattle.edu/online/welcome-letter.
9844.70  5 cr ONLINE  Staff

HEA 160 HUMAN WELLNESS AND FITNESS [NW]
A comprehensive study of human fitness and wellness. Fully explores topics in physical fitness, including exercise physiology and training concepts. In addition, the course explores basic concepts in nutrition, weight management, chronic disease prevention, and health promotion. Students will assess his/her fitness level and will design an individual program for to achieve and/or maintain fitness.
0391.01  5 cr DAILY 12:00 pm - 12:50 pm  OLY 105  Staff

HISTORY

HIST&127 WORLD CIVILIZATIONS II [IC&S][GS]
Foundations of modern civilization with emphasis on scientific, industrial and political revolutions that have transformed traditional societies. Provides a perspective on issues and problems of modern civilization. Emphasis on Western Renaissance period and resulting cross-cultural contact on a global scale. Course satisfies five credits of the integrated studies requirement for AA. Online fee, contact dan.bush@seattlecolleges.edu, and read https://sites.google.com/a/southseattle.edu/online/welcome-letter.
9846.70  5 cr ONLINE  Bush

HIST 140 WOMEN IN AMERICAN HISTORY [IC&S][USC]
Surveys American women’s roles, work, status, accomplishments, issues, and movements, from the pre-Colonial period to the present. Section 70: online fee, contact dan.bush@seattlecolleges.edu and read https://sites.google.com/a/southseattle.edu/online/welcome-letter.
9847.70  5 cr ONLINE  Bush

HIST&146 US HISTORY I [IC&S][USC]
Study of America in its formative period from its European, African, and native pasts, tracing its development from origins to early nationhood. Emphasis on the American Revolution.
0495.02  5 cr DAILY 11:00 am - 11:50 am  RAH 210  Thompson

HIST&148 US HISTORY III [IC&S][USC]
Covers an era of conflict, war, uncertain peace, depression and great social changes. Emphasis on historical, economic, social, racial and political events that have formed the modern U.S. This course satisfies 5 credits of the Integrated Studies requirement for the AA degree.
0496.01  5 cr DAILY 9:00 am - 9:50 am  RAH 210  Thompson

HIST 211 HISTORY OF THE MIDDLE EAST
Examines the history of the Middle East (Arab countries, Turkey, Iran, and Israel) from the emergence of Islam to the present. Includes cultural, economic and political aspects of history with emphasis on the modern period.
0503.01  5 cr DAILY 10:00 am - 10:50 am  RAH 214  Otman

HUMANITIES

HUM 130 WORLD CINEMA [VLPA]
This online course will include the study of international films from 10 or more countries, and emphasizes both film literacy and the impact of historical/political events on societies and cultures. Prereq: ENGL 101 placement. Online fee, contact kathy.whitham@seattlecolleges.edu and read https://sites.google.com/a/southseattle.edu/online/welcome-letter.
9855.70  5 cr ONLINE  Whitham

JAPAN & 123 JAPANESE III [VLPA]
Continues the development of language skills in all areas. Presents another 60 characters. Prereq: JAPAN 122 or permission.
0117.25  5 cr MW 6:00 pm - 8:20 pm  RAH 301  Staff

LIB 101 INTRODUCTION TO INFORMATION RESOURCES [E]
Develops critical thinking as it is applied to the research process by examining strategies for locating and using information resources. Students explore information policy issues such as copyright, censorship and freedom of information. Learn to use the various electronic databases available in the library, the online catalog, Internet resources and other standard research tools and retrieval techniques. Develop strategies for locating and selecting information resources in the research process. Strengthens your skills for college and career. Transfers as an elective. Computer lab fee & hybrid fee.
0128.01  3 cr T 1:00 pm - 2:50 pm  LIB 105  Nelson

CALCULATOR REQUIREMENTS

Most math classes require calculators.

Specifically, by course, the minimum calculator requirement is:
- MATH 081, 083, 084, 085, 097: Any scientific calculator.
- MATH 098, 102, 107, 111, 116, 146, 210: Any scientific calculator.
- MATH 148, 141-153, 220, 224, 238: Any symbolic graphing calculator. Any calculator that exceeds all capabilities may be substituted for listed calculators although use may be restricted. Calculator use is subject to instructor discretion.
MATH 029  MATHEMATICS [BR][NW][Q]
Covers basic mathematics, equations and inequalities in one variable, systems of linear equations, and exponential and logarithmic functions. Prereq: MAT 025 or COMPAS score of 48. 
0860.05 5 cr DAILY 10:00 am - 10:50 am UNI 200 Liewelyn
0861.25 5 cr THU 6:00 pm - 8:20 pm OLY 100 Park

MATH 095  INTERMEDIATE ALGEBRA 3/4 [PREP]
Covers factoring and the use of factoring to solve equations; quadratic equations and methods to solve them; simplifying and solving rational expressions; basic math review, linear equations and inequalities in one and two variables, systems of linear equations, exponents and polynomials. Prereq: MAT 029.
0862.01 5 cr DAILY 11:00 am - 11:50 am UNI 100 Toutonghi
0864.25 5 cr DAILY 11:00 am - 11:50 am RAH 312 Liewelyn

MATH 098 INTERMEDIATE ALGEBRA [PREP]
Covers linear, quadratic, exponential and logarithmic models with applications and other intermediate algebra skills. For Math 098 in the modular format, see Math 098 course description. Section 70 online fee, contact natalie.simmons@seattlecolleges.edu and read https://sites.google.com/a/seattlecolleges.edu/southseattle.edu/online/welcome-letter.
0866.01 5 cr DAILY 8:00 am - 8:50 am RAH 218 LEC Staff
0870.81 5 cr DAILY 10:00 am - 10:50 am LIB 215 MOD Simmons
0879.02 5 cr DAILY 12:00 pm - 12:50 pm RAH 218 LEC Liewelyn
0915.81 5 cr MW 6:00 pm - 8:20 pm LIB 215 MOD Staff
0970.81 5 cr Sa 8:00 am - 12:10 pm LIB 215 MOD Dorman
9883.70 5 cr ONLINE 5 Cr ONLINE Focus

MATH 102  COLLEGE ALGEBRA [BR][NW][Q]
Bridges the gap between Intermediate Algebra and Pre-Calculus functions and is for students in Math and Science. Fulfills QSR requirement for AA degree. Strongly recommended in preparation for MATH 141. Section 70 online fee, contact ted.coskey@seattlecolleges.edu and read https://sites.google.com/a/seattlecolleges.edu/southseattle.edu/online/welcome-letter.
0207.01 5 cr DAILY 8:00 am - 8:50 am UNI 100 Staff
0209.02 5 cr DAILY 10:00 am - 10:50 am Lyman
0209.03 5 cr DAILY 11:00 am - 11:50 am UNI 203 Lyman
0210.25 5 cr MW 6:00 pm - 8:20 pm UNI 200 Staff
9884.70 5 cr ONLINE Focus

MATH 107 MATH IN SOCIETY [NW][Q]
Primarily for liberal arts majors. Designed to enhance mathematics literacy. Instructors choose college-level topics centered around a theme such as Environmental Math, History of Math, or General Topics in Math. Fulfills QSR requirement for AA degree. Minimum 2.0 required to meet Intermediate Algebra proficiency and QSR. Prereq: MAT 098 or placement test. 
0220.01 5 cr DAILY 9:00 am - 9:50 am RAH 218

MATH 116 APPLNS OF MATH TO MGMT, LIFE & SCI [NW][Q]
Emphasizes applications to business, finance, management, or life sciences. Covers mathematical models, graphs, and exponential and logarithmic functions. May include ideas from statistics and probability. Fulfills QSR requirement for AA degree. Prereq: MAT 098 or placement test. Section 70 online fee, contact jan.zou@seattlecolleges.edu and read https://sites.google.com/a/seattlecolleges.edu/southseattle.edu/online/welcome-letter.
0226.01 5 cr DAILY 10:00 am - 10:50 am RAH 218 Sauer
0227.02 5 cr DAILY 12:00 pm - 12:50 pm UNI 203 McArthur
9885.70 5 cr ONLINE Focus

MATH 131 MATH FOR ELEMENTARY EDUCATION 1 [NW][Q]
Learn the mathematics elementary teachers are responsible for teaching at K-8 levels. Includes computing with whole numbers, fractions, decimals and percents; multiplicative comparisons and reasoning; ratio, rates, and proportions; negative numbers; and number theory. Prereq: MAT 098 with a 2.0 or higher. Section 70 online fee, contact instructor frank.post@seattlecolleges.edu and read https://sites.google.com/a/seattlecolleges.edu/southseattle.edu/online/welcome-letter.
9899.70 5 cr ONLINE Focus

MATH 141 PRECALCULUS I [NW][Q]
Introduction to functions: Polynomial, rational, exponential and logarithmic. Analytic geometry in two and three dimensions, and related algebra topics. Prereq: Mat 098 with a 2.5 or better or Mat 102 with a 2.0 or higher.
0228.01 5 cr DAILY 10:00 am - 10:50 am RAH 205 Downs
0229.02 5 cr DAILY 12:00 pm - 12:50 pm UNI 203 Staff

MATH 142 PRECALCULUS II [NW][Q]
A study of right triangle trigonometry, trigonometric functions, related trig applications, and topics in analytic geometry. Fulfills the GS R requirement for AA degree. Prereq: MATH 141 or MAT 122 or Placement test.
0230.01 5 cr DAILY 8:00 am - 8:50 am RAH 304 Toutonghi
0231.25 5 cr MW 6:00 pm - 8:20 pm RAH 216 Staff

MATH 146 INTRODUCTION TO STATISTICS [NW][Q]
Covers descriptive methods, probability and probability distributions, samples, decisions, hypothesis testing and statistical inferences. Fulfills QSR requirement for AA degree. Prereq: MATH 098 or placement test. Section 70 online fee, contact frank.post@seattlecolleges.edu and read https://sites.google.com/a/seattlecolleges.edu/southseattle.edu/online/welcome-letter.
0250.01 5 cr DAILY 9:00 am - 9:50 am OLY 100 Post
0251.25 5 cr THU 6:00 pm - 8:20 pm UNI 203 Dorman
9835.70 5 cr ONLINE Focus

MATH 209 BUSINESS CALCULUS [NW][Q]
An intuitive and elementary treatment of differential and integral calculus with emphasis on polynomials, powers, exponential and logarithmic functions. Applications from the social sciences, biology, medicine, ecology, physics, business and economics. Prereq: MATH 116, 102, or MATH141 with a 2.0 or higher. Section 70 online fee, contact jian.zou@seattlecolleges.edu and read https://sites.google.com/a/seattlecolleges.edu/southseattle.edu/online/welcome-letter.
0221.01 5 cr DAILY 10:00 am - 10:50 am UNI 100 Mc Arthur
9873.70 5 cr ONLINE Focus
MATH&151 CALCULUS I [NW][Q]
Covers limits, differentiation of algebraic & transcendental functions, definite and indefinite integral, techniques of integration, vectors, vector-valued functions, multivariable-calculus, partial differentiation, multiple integrals and application. NOTE: Generally institutions cover the same material over the entire sequence. However, some topics may be covered at different points in the sequence. It is recommended that students who transfer before completing the entire sequence should consult an advisor. Each course fulfills the QSR requirement for AA degree. Prereq: MATH&142.
0233.01 5 cr DAILY 7:00 am - 7:50 am UNI 203 Lyman
0269.02 5 cr DAILY 12:00 pm - 12:50 pm UNI 100 Shatanova

MATH&152 CALCULUS II [NW][Q]
Covers limits, differentiation of algebraic and transcendental functions, definite and indefinite integrals, techniques of integration, vectors, vector-valued functions, multivariable-calculus, partial differentiation, multiple integrals and application. NOTE: Generally institutions cover the same material over the entire sequence. However, some topics may be covered at different points in the sequence. It is recommended that students who transfer before completing the entire sequence should consult an advisor. Each course fulfills the QSR requirement for AA degree. Prereq: MATH&151.
0235.01 5 cr DAILY 8:00 am - 8:50 am RAH 309 Downs

MATH&153 CALCULUS III [NW][Q]
Covers limits, differentiation of algebraic and transcendental functions, definite and indefinite integrals, techniques of integration, vectors, vector-valued functions, multivariable-calculus, partial differentiation, multiple integrals and applications. NOTE: Generally institutions cover the same material over the entire sequence. However, some topics may be covered at different points in the sequence. It is recommended that students who transfer before completing the entire sequence should consult an advisor. Each course fulfills the QSR requirement for AA degree. Prereq: MATH&152.
0238.01 5 cr DAILY 8:00 am - 8:50 am UNI 200 Zou
0240.25 5 cr MW 6:00 pm - 6:30 pm OLY 100 Park

MATH 224 VECTOR CALCULUS [NW][Q]
Continuation of MATH 153. Includes vector-valued functions, vector fields, line and surface integrals and the theorems of Green, Gauss, and Stokes. Vector computer operators and the extension of the calculus to the vectors in 2-D and 3-D space. Fulfills the QSR requirement for AA degree. Prereq: MATH 153 or higher permission or concurrent enrollment.
0249.01 5 cr DAILY 12:00 pm - 12:50 pm RAH 301 Staff

MATH 238 DIFFERENTIAL EQUATIONS [NW][Q]
Learn linear differential equations, second order differential equations, their applications, Laplace transforms and series solutions. Covers the elementary theory of differential equations and the interrelationship between pure mathematics and applied mathematics. Fulfills the QSR requirement for AA degree. Prereq: MATH 151 or higher permission or concurrent enrollment.
0248.01 5 cr DAILY 11:00 am - 11:50 am RAH 301 Zou

MUSIC
MUSIC 110 INTRODUCTION TO WORLD MUSIC [VLPA][GS]
Covers the music of selected societies of the world within their cultural context. Using musical concepts on a cross-cultural basis, examine various cultural areas and societies. This course satisfies one of the requirements for the AA degree with an API studies emphasis or fulfills the Integrated Studies requirement. 0139.01 5 cr DAILY 9:00 am - 9:50 am RS8 80 Schmidt

MUSIC 116 ROCK MUSIC - HISTORY AND PERSPECTIVES [VLPA][USC]
Examines rock music as a musical, social, cultural, economic and political force in the United States. Emphasizes the early decades of rock music development. Fulfills the Integrated Studies requirement. 0140.01 5 cr DAILY 11:00 am - 11:50 am RS8 80 Schmidt

MUSIC 117 ROCK MUSIC II [VLPA][USC]
Examines rock music as a musical, social, cultural, economic and political force in the United States. Emphasizes the later decades of rock music development. Fulfills the Integrated Studies Requirement. Section 70: online fee, contact diane.schmidt@seattlecolleges.edu and read https://sites.google.com/a/southseattle.edu/online/welcome-letter. 9890.70 5 cr ONLINE Schmidt

MUSIC 119 BEGINNING GROUP INSTRUCTION: VOICE [VLPA]
Leam the techniques of singing solo in a low stress group setting. Students will cover basics of healthy vocal techniques.
0141.01 2 cr MWTTh 12:00 pm - 12:50 pm RS8 80 Schmidt

MUSIC 120 INTERMEDIATE GROUP INSTRUCTION: VOICE [VLPA]
Continuation of MUSC 119. Prereq: MUSC 119 or permission.
0142.01 2 cr MWTTh 12:00 pm - 12:50 pm RS8 80 Schmidt

MUSIC 126 BEGINNING GROUP PIANO - 1ST QUARTER [VLPA]
Class piano for general student to develop reading skills and technical proficiency. Piano class for beginning students.
0101.01 2 cr MWTTh 9:00 am - 9:50 am RS8 87 Schmidt
0176.02 2 cr MWTTh 10:00 am - 10:50 am RS8 87 Schmidt
0143.03 2 cr MWTTh 11:00 am - 11:50 am RS8 87 Schmidt
0652.25 2 cr T 6:30 pm - 8:50 pm RS8 87 Staff

MUSIC 127 BEGINNING GROUP PIANO - 2ND QUARTER [VLPA]
Continuation of MUSC 126. Prereq: MUSC 126, MUS 121 or permission.
0102.01 2 cr MWTTh 9:00 am - 9:50 am RS8 87 Schmidt
0177.02 2 cr MWTTh 10:00 am - 10:50 am RS8 87 Schmidt
0144.03 2 cr MWTTh 11:00 am - 11:50 am RS8 87 Schmidt
0653.25 2 cr T 6:30 pm - 8:50 pm RS8 87 Staff

MUSIC 128 BEGINNING GROUP PIANO - 3RD QUARTER [VLPA]
Continuation of MUSC 127. Prereq: MUSC 127 or MUS 122 or permission.
0103.01 2 cr MWTTh 9:00 am - 9:50 am RS8 87 Schmidt
0178.02 2 cr MWTTh 10:00 am - 10:50 am RS8 87 Schmidt
0145.03 2 cr MWTTh 11:00 am - 11:50 am RS8 87 Staff
0654.25 2 cr T 6:30 pm - 8:50 pm RS8 87 Staff

MUSIC 140 COLLEGE CHOIR [VLPA]
Have fun singing with a group. Improve your singing and speaking skills. All students welcome.
0166.01 5 cr DAILY 10:00 am - 10:50 am RS8 80 Schmidt
0167.02 3 cr MWTTh 10:00 am - 10:50 am RS8 80 Schmidt

MUSIC 165 COMMUNITY CHORALE [VLPA]
Performs literature for the large choral ensemble. Meets one evening weekly.
0658.25 2 cr M 7:00 pm - 9:00 pm RS8 80 Schmidt

MUSIC 221 GROUP PIANO - 4TH QUARTER [VLPA]
Continuation of MUSC 220. Prereq: MUSC 128 or MUS 123 or permission.
0104.01 2 cr MWTTh 9:00 am - 9:50 am RS8 87 Schmidt
0179.02 2 cr MWTTh 10:00 am - 10:50 am RS8 87 Schmidt

PHYSICS
PEC 143 WALKING FOR FITNESS [E]
Develops cardio-respiratory fitness through progressive workouts including walk-ups, walking sessions and cool-downs. Covers safety, walking technique and issues and trends related to walking and physical fitness.
0280.01 2 cr M 6:30 pm - 6:50 pm RAH 217 Staff

PEC 145 JOGGING [E]
Develops cardio-respiratory fitness through progressive workouts including walk-ups, walking sessions and cool-downs. Covers safety, jogging technique and issues and trends in jogging and physical fitness.
0281.01 2 cr M 6:30 pm - 6:50 pm RAH 217 Staff

PEC 150 PHYSICAL FITNESS [E]
Introductory fitness class designed to increase students’ awareness of the importance of fitness. We plan to empower students to have the knowledge to design their own fitness programs and understanding of health based topics. Includes a variety of physical activities and exercise that may be adapted to your personal fitness performance. For all fitness levels. Fitness center fee.
0263.01 1-3 cr MWF 9:00 am - 9:50 am MPB Staff
0265.02 1-3 cr MWF 10:00 am - 10:50 am MPB Staff

PEC 151 PHYSICAL FITNESS [E]
Instruction in manipulating existing individualized advanced fitness programs to meet personal goals. Emphasis given to health related fitness components. Discussion includes fitness, nutrition and overall wellness. Fitness programs designed for students of all ages. Improve physical fitness through learning the finer details of the physical fitness world. Personalize your own program for a lifetime of fitness. Fitness center fee.
0264.01 1-3 cr MWF 9:00 am - 9:50 am MPB Staff
0265.02 1-3 cr MWF 10:00 am - 10:50 am MPB Staff

PEC 165 BODY CONDITIONING [E]
Improve muscular strength, muscular endurance and flexibility of the upper body, abdominals, back and lower body by using lightweight resistance equipment. Workouts consist of resistance exercise performed to music, stretching and fitness-related discussions.
0254.01 2 cr TTh 10:00 am - 10:50 am MPB 05 Staff

PEC 299 [E]
Independent study of approved topics in physical education. Prereq: Permission.
0253.01 1-5 cr ARR Staff
0255.02 1-5 cr ARR Staff
0257.03 1-5 cr ARR Staff
0259.25 1-5 cr ARR Staff
0261.04 1-5 cr ARR Staff

PHYSICS
PHYS 113 TECHNICAL PHYSICS III [E]
Covers electrostatics, direct current circuits, magnetism, electromagnetic induction, alternating current, capacitance, inductance, resonance, vacuum tubes and transistors. Prereq: Basic algebra and PHY 112.
0999.25 5 cr MW 6:00 pm - 8:40 pm OLY 200 Staff

PHYS & 116 GENERAL PHYSICS III WITH LAB [NW]
Continuation of PHY 115. Covers electromagnetic waves, optics, atomic and nuclear physics. Lab included. Fullfills GSR requirement for AA degree. Prereq: PHY & 115 or permission.
0420.25 5 cr MW 6:00 pm - 8:40 pm OLY 200 Staff

PHYS & 221 ENGINEERING PHYSICS I [NW]
Calculation study of kinematics, dynamics, energy, momentum in linear and rotational coordinates and Newton's Laws of Motion. Lab included. Fullfills the GSR requirement for the AA degree. Prereq: MATHS 151 with 2.0 or higher and one year of high school physics.
0422.01 5 cr MTWF 9:00 am - 9:50 am OLY 200 Staff
0422.02 5 cr MTWF 10:00 am - 11:50 am OLY 200 Staff
Th 2:00 pm - 3:50 pm OLY 200 Staff

PHYS & 223 ENGINEERING PHYSICS III
Intro to waves and oscillations and the study of sound, geometric and physical optics. Covers the dualistic particle-wave nature of microscopic phenomena as an introduction to modern physics. Lab included. Fullfills GSR requirement for AA degree. Prereq: PHYS & 222.
0426.01 5 cr MTWF 10:00 am - 11:50 am OLY 200 Staff
Th 9:00 am - 10:50 am OLY 200 Staff

POLITICAL SCIENCE
POLLS & 202 AMERICAN GOVERNMENT [IC&S]
Survey of the origin and development of the U.S. government. Covers Colonial history, the Confederacy and the creation of a federal system, the functions of Congress, the presidency, and courts. Includes interest groups, civil liberties, political parties and elections.
0531.01 5 cr DAILY 11:00 am - 11:50 am RAH 214 Ashcraft
0532.02 5 cr DAILY 12:00 pm - 12:50 pm RAH 214 Ashcraft

POLLS & 203 INTERNATIONAL RELATIONS [IC&S][GS]
Intro to international and governmental organizations. Examines major issues in the international arena including nationalism, the rise of the Third World, imperialism, the arms race, environmentalism, and foreign policy. Emphasis on issues which foster or frustrate world peace and prosperity.
0530.01 5 cr DAILY 9:00 am - 9:50 am RAH 214 Ashcraft
South provides online courses using the Internet and email. These courses are taught using a variety of eLearning Management Systems (LMS), course materials and lecture tools.

**Enroll & Register**

Once enrolled with South you can register for an online course.

New students may visit [http://www.southseattle.edu/enrolling/step2enrl.htm](http://www.southseattle.edu/enrolling/step2enrl.htm) and follow the Steps To Enroll or visit the Registration office on campus to enroll.

Returning students may register for online courses using South's online registration form [https://sccdweb.sccd.ctc.edu/seasou/webreg/waci221.html](https://sccdweb.sccd.ctc.edu/seasou/webreg/waci221.html) or visit the Registration office on campus.

**Communicate**

Online students communicate with their instructor via an email account. Online students access course lectures, assignments, projects, discussion forums and computer, the Internet and email. Online students access the eLearning site [http://sites.southseattle.edu/online/](http://sites.southseattle.edu/online/) under Course Listings.

**Expectations**

- Online students must have access to a computer, the Internet and use an email account.
- Online courses are NOT self-paced. They have regularly scheduled beginning and ending dates (check for online course details here [http://sites.southseattle.edu/online/](http://sites.southseattle.edu/online/) under Course Listings).
- Online students should expect to spend approximately 2-3 hours, per credit, working on their course curriculum and access their online course approximately 5 days a week to stay current.

**Fees**

- $7.00 (per credit) online server fee for fully online courses.
- $5.00 (per course) fee for hybrid and some web-enhanced courses.
- Fees do not include cost of textbooks or course materials, unless otherwise stated.

South’s most current "fully online, hybrid and web-enhanced" course details are listed on SSCC’s eLearning site [http://sites.southseattle.edu/online/](http://sites.southseattle.edu/online/) under Course Listings.

**Spring Quarter 2013 eLearning Class List**

Professional & Technical

Start here to launch your career. Go anywhere!

Get an Associate of Applied Science Degree or Certificate

From just a few months to two years, South Seattle Community College offers many programs leading toward an Associate of Applied Science degree or Certificate. These are designed for individuals who want to prepare for immediate employment rather than pursue further academic education. Call (206) 934-5394 for more information.

The Automotive Collision Repair, Automotive Technology, Diesel and Heavy Equipment Technology, and Landscape and Horticulture programs have all been awarded Envirostar™ certification from the King County Department of Natural Resources & Parks, Local Hazardous Waste Management Program. This prestigious award is given to programs that properly manage and reduce hazardous material as well as demonstrate a strong commitment to environmentally responsible practices.

QUARTERLY PROGRAM ENROLLMENT

Use this chart to choose distribution requirements and electives.

Some programs admit students every quarter; others are open for admission during certain quarters. This chart shows the professional/technical degrees offered, customary number of quarters to complete, prerequisites for admission, and quarters new students may begin. Information is subject to change and students are advised to always check with the program office for updated information.

1006.99 3 cr Sia 8:30 am - 4:30 pm OLY 105 Stowers

**ACCOUNTING**

**ACCT 110** INTRODUCTION TO ACCOUNTING/BOOKKEEPING I
This introductory class covers the development of the accounting cycle for a sole proprietorship, from business transaction through closing entries and financial statements. Includes service and merchandising types of business structures, special journals, banking services, and payroll.

6500.01 5 cr DAILY 11:00 am - 11:50 am OLY 205 Staff

**ACCT 214** ACCOUNTING SYSTEMS
Computer applications of basic accounting systems, principles and procedures. Including but not limited to discussion of QuickBooks, Excel and Microsoft Accounting. Prereq: Grade of 2.0 or above in ACCT 110, ACCT 120, or ACCT 201.

6525.01 5 cr DAILY 12:00 pm - 12:50 pm OLY 205 Staff

**ACCT 257** BUSINESS TAX ACCOUNTING
Basic principles, practices and governmental regulations (federal, Washington state and local) involved in business tax accounting. Includes filing returns, record keeping, tax planning, registrations, and business licenses. Prereq: ACCT 120 or ACCT 202 or permission.

6520.01 5 cr DAILY 1:00 pm - 1:50 pm OLY 104 Staff

**AUTO BODY REPAIR**

**ABR 111** INTRODUCTION TO AUTOMOTIVE COLLISION TECHNOLOGY
Instruction in related skills to become a good body shop employee, typical movement of a vehicle through a body shop and basic procedure for repairing a collision damaged vehicle. The identification and use of general power tools used in a body shop will also be covered.

2100.01 4 cr DAILY 7:00 am - 12:00 pm ABR 101 Ford

**ABR 112** SAFETY AND ENVIRONMENTAL PRACTICES
Instruction in various environmental regulations and other items regulated in an automotive refinishing department. Learn to locate hazardous warning information for products used in refinishing, select the proper protection equipment, inspect it and demonstrate proper use.

2105.01 3 cr DAILY 7:00 am - 12:00 pm ABR 101 Ford

**ABR 113** WELDING AND CUTTING
Covers the differences between various metal joining processes, selection of the correct heat joining for various jobs, the advantages of using MIG welding, personal and shop safety, along with vehicle protection measures. Students will have an understanding of welding wires, shielding gases, turing the welder and be able to visually inspect and destructively test the weld.

2110.01 8 cr DAILY 7:00 am - 12:00 pm ABR 101 Ford

**ABR 131** UNDERSTANDING AUTOMOTIVE FINISHES
This module teaches the student how to identify the differences between a variety of automotive finish systems, including dry time, chemical make-up and paint and body shop application.

4134.07 2 cr DAILY 7:00 am - 12:00 pm ABR 101 Ford

**ABR 132** PREPARING THE SURFACE FOR REFINISHING
Determine the condition of a vehicles finish and plan the steps used in refinishing the vehicle. Prereq: ABR 111, 112 and 113 or permission. This module teaches the student to determine the condition of a vehicle’s finish and the plan the steps to be used in refinishing the vehicle.

2116.01 6 cr DAILY 7:00 am - 12:00 pm ABR 101 Ford

**ABR 133** PREPARING THE EQUIPMENT, PAINT & REFINISHING MAT
Student will learn to set-up and use the final preparation spray environment and drying areas for refinishing. Also, to understand and use paint mixing formulas from reference manuals. Demonstrate ability to mix paint according to these published formula and identify and describe various types of spray guns, make all preliminary adjustments to the air system and spray gun, test the spray gun and make final adjustments in preparation for refinishing.

2117.01 5 cr DAILY 7:00 am - 12:00 pm ABR 101 Ford

**ABR 134** DETAILING
The student learns in this module to properly clean the interior and exterior of the vehicle. Removal of overspray, decals and pinstripe.

2118.01 1 cr DAILY 7:00 am - 12:00 pm ABR 101 Ford

**ABR 181** STEERING AND SUSPENSION
Instructs student in identifying and diagnosing tire and wheel steering, rack and pinions steering, power steering suspension, strut type and problems in steering and suspension systems.

2135.01 6 cr DAILY 7:00 am - 12:00 pm ABR 101 Ford

**ABR 182** ELECTRICAL AND ELECTRONIC SYSTEMS
Learn to diagnose and repair electrical and mechanical systems problems. In this module students learn to diagnose and repair electrical and mechanical system problems.

2136.01 7 cr DAILY 7:00 am - 12:00 pm ABR 101 Ford

**ABR 183** MECHANICAL SYSTEMS
Instruction is focused on the repair of a vehicle involved in a collision, often involving removing mechanical parts, including suspension, steering, drive train and engine parts. Service of mechanical parts may be necessary. Some areas require collision repair to be certified to perform mechanical repairs.

2137.01 3 cr DAILY 7:00 am - 12:00 pm ABR 101 Ford

**AUT 100** INTRODUCTION TO ELECTRICITY
Contents include: electrical theory, diagnosing electrical system problems, as well as removal, repair and installation of electrical components from vehicles. In addition, the function and construction of each component, as well as its diagnosis and service procedures will be covered. Instruction in safety, environmental awareness, human relations and leadership are taught as an integral part of this unit of study. Note: MVN 100, MVN 102, AUT 100 and AUT 134 must be taken concurrently.

2102.01 4 cr DAILY 7:00 am - 12:00 pm AUT 129 Amesquita

**AUT 102** ADVANCED ELECTRICAL SYSTEMS
Course covers understanding and using schematics, Battery, starting and charging system operation and testing and are also included. Note: AUT 102, 104, 106, and 116 must be taken concurrently.

2310.01 4 cr DAILY 7:00 am - 12:00 pm AUT 106 Andersen

**AUT 104** AUTOMOTIVE ELECTRONICS
Course covers electrical accessories on the vehicle, including but not limited to lighting, power windows, door locks, seats, windshield wipers and defogger. Note: AUT 102, 104, 106 and 116 must be taken concurrently.

2311.01 3 cr DAILY 7:00 am - 12:00 pm AUT 106 Andersen

**AUT 106** BASIC POWER ACCESSORIES
Course covers basic computer operation and its applications on the vehicle, using scan tools to diagnose the electronically controlled components and accessories. Note: AUT 102, 104, 106 and 116 must be taken concurrently.

2312.01 3 cr DAILY 7:00 am - 12:00 pm AUT 106 Andersen
AUT 112 MANUAL TRANSMAXLES AND CLUTCHES
Students will undertake the technical study and application of powertrain components from the transmission to the driveline. Prerequisite: AUT 114 and 112 must be taken concurrently.
2313.01 3 cr DAILY 7:00 am - 12:00 pm AUT 128 Hughes

AUT 114 MANUAL TRANSMISSIONS, TRANSFER CASES & DRIVE AXL
Student will have the opportunity to apply previously acquired technical knowledge and skill under a simulated auto service shop setting. Selected customer vehicles will be used as training or "live" units as well as selected training aid units. Note: AUT 112, 114, 118 and 120 must be taken concurrently.
2314.01 3 cr DAILY 7:00 am - 12:00 pm AUT 128 Hughes

AUT 116 AIR CONDITIONING AND HEATING
Student will study the basic principles involved in heating and air conditioning systems. We will cover the operation of the blower system and HVAC controls for both manual and automatic systems with an emphasis on diagnosis. Note: AUT 102, 104, 106, and 116 must be taken concurrently.
2317.01 6 cr DAILY 7:00 am - 12:00 pm AUT 106 Andersen

AUT 118 AUTOMATIC TRANSMISSION DIAGNOSIS AND SERVICE
Students will work on selected school and customer vehicles as live training aids. Upon successful completion of this unit, students will be able to diagnose service and repair automatic transmissions and related components to include: adjust bands, TV linkage, shift linkage, neutral safety switches, flush coolers and cooler lines, repair external transmission leaks, remove, clean and replace valve body, replace filters and fill transmission and road test. Note: AUT 11 2, 114, 118 and 120 must be taken concurrently.
2315.01 4 cr DAILY 7:00 am - 12:00 pm AUT 128 Hughes

AUT 120 ADVANCED AUTOMATIC TRANSMISSION SERVICE
Students will work on selected transmissions. Upon successful completion students will be able to remove and replace transmission, replace bands, clutches, bushing, seals etc., to make the transmission serviceable. Note: AUT 112, 114, 118 and 120 must be taken concurrently.
2316.01 6 cr DAILY 7:00 am - 12:00 pm AUT 128 Hughes

AUT 122 STEERING AND SUSPENSION
Contents include: steering and suspension theory, diagnosing steering and suspension problems, chassis design, wheel bearing, steering and suspension components, as well as removal, repair, and installation of steering and suspension components in vehicles. In addition, the function and construction of each component, and its diagnosis and service procedures will be covered. Includes safety, environmental awareness, human relations and leadership. Note: AUT 122, 124, 156 and 127 must be taken concurrently. Note: AUT 122, 124, 126 and 127 must be taken concurrently.
2320.01 4 cr DAILY 12:30 pm - 5:30 pm AUT 129 Hughes

AUT 124 TIRES AND WHEEL ALIGNMENT
Contents include: tire, wheel and alignment theory, diagnosing tire, wheel and alignment problems, tire and wheel design and construction, removal, repair and installation of tires and wheels and instruction in how to perform wheel alignments. In addition, the function and construction of each component, its diagnosis and service procedures will be covered. Includes safety, environmental awareness, human relations and leadership. Note: AUT 122, 124, 126 and 127 must be taken concurrently.
2321.01 4 cr DAILY 12:30 pm - 5:30 pm AUT 129 Hughes

AUT 126 BASIC BRAKE SYSTEMS
Contents include: brake theory, diagnosing brake problems, master cylinders, wheel cylinders, hydraulic valves, brake hoses, brake shoes, brake drums, parking brakes as well as removal and installation of brakes from vehicles. In addition, the function and construction of each component, its diagnosis and service procedures will be covered. Includes safety, environmental awareness, human relations and leadership. Note: AUT 122, 124, 126 and 127 must be taken concurrently.
2322.01 3 cr DAILY 12:30 pm - 5:30 pm AUT 129 Amesquita

AUT 127 ADVANCED BRAKE SYSTEMS
Contents include: brakes theory, diagnosing brake problems, disc brakes, power brakes and ABS brake components as well as removal and installation of brakes in vehicles. In addition, the function and construction of each component, as well as its diagnosis and service procedures will be covered. Instruction in safety, environmental awareness, human relations and leadership are covered. Note: AUT 122, 124, 126 and 127 must be taken concurrently.
2323.01 3 cr DAILY 7:00 am - 12:00 pm AUT 129 Amesquita

AUT 134 INTRODUCTION TO DRIVABILITY
Contents include: automotive drivability theory, diagnosing drivability problems, as well as removal, repair and installation of drivability components from vehicles. In addition, the function and construction of each component as well as its diagnosis ad service procedures will be covered. Instruction in safety, environmental awareness, human relations and leadership are taught as an integral part of this unit of study. Note: MVM 100, MVM 102, AUT 100 and AUT 134 must be taken concurrently.
2333.01 3 cr DAILY 7:00 am - 12:00 pm AUT 129 Amesquita

AUT 197 INDUSTRY INTERNSHIP
Provides practical work experience and employment contacts by integrating academic studies with actual on-the-job training. Orientation to internships required prior to registration. This is a permission only class.
2345.PCM 1-5 cr ARR TBA Staff

AUT 299 SPECIAL TOPICS: AUTOMOTIVE
Special topics for individuals or group study. Prereq: Permission. Special topics for individuals or group study. Prereq: Permission.
2350.01-1.18 cr ARR TBA Hughes

MVM 100 INTRODUCTION TO AUTOMOTIVE TECHNOLOGY I
Contents include: safety and MSDS, tools and equipment, looking for information; repair orders, parts and parts and identification; component theory and fasteners. In addition, the function and construction of each component, as well as diagnosis and service procedures will be covered. Instruction in safety, environmental awareness, human relations and leadership are taught as an integral part of this unit of study. Note: MVM 100, MVM 102, AUT 102 and AUT 134 must be taken concurrently.
2300.01 4 cr DAILY 7:00 am - 12:00 pm AUT 129 Amesquita

MVM 102 INTRODUCTION TO AUTOMOTIVE TECHNOLOGY II
Includes vehicle inspection; lube, oil and filter; cooling system, belt, and hose; heating and air conditioning system; driveshaft; manual and automatic transmission problems. Note: AUT 100, 134, MVM 100 and 102 must be taken concurrently.
2301.01 4 cr DAILY 7:00 am - 12:00 pm AUT 129 Amesquita

AVIATION MAINTENANCE

AMT 111 BASIC SCIENCE FOR AVIATION
Provides a firm foundation for maintenance on both small and large aircraft. Covers aircraft terminology, nomenclature, practical mathematics, basic physics, aircraft drawing and interpretation of diagrams as they pertain to everyday shop problems. Topics include specifications and properties of modern aircraft materials, their use and fabrication, hardware, fitting, corrosion control, cleaning and proper use of tools, precision instruments required for maintenance and overhaul practices. Nondestructive inspection, aircraft systems, components, ground handling and servicing procedures of aircraft, Federal Aviation Regulations, maintenance records, publication, weight and balance control and other basic information are also covered. Prerequisite: Meet with an advisor or counselor to see if a placement test may be required. Minimum Compass Scores: Writing 65, Reading 75 and Pre-Algebra 54. Prerequisite: Meet with an advisor or counselor to see if a placement test may be required.
2901.01 17 cr DAILY 7:00 am - 1:00 pm AMT 206

AMT 113 AIRFRAME STRUCTURE AND REPAIR
Students will gain experience working with five types of aircraft structure materials: wood, fabric, composite/fiberglass, plastic, and metal. Student projects in each of these areas, in combination with classroom lectures, will provide realistic exposure to approved assigned project areas including fabrication of wood, fabric, metal, composite/fiberglass and plastic structures. Forming heat treating and fabricating metal structures and introduction to brazing, gas and arc welding of steel magnesium and titanium. Prereq: AMT 111 and 112
2907.02 17 cr DAILY 2:00 pm - 8:00 pm AMT 206

AMT 133 POWERPLANT THEORY AND MAINTENANCE
This course is designed to cover three areas. The first area is an in-depth study of theory, operations, and maintenance of the internal combustion reciprocating engine. It will include dismantling, inspection, repair or replacement of parts and partial assembly of an aircraft powerplant.

AMT 214 AIRFRAME SYSTEMS
Intro to five basic aircraft systems and their components: hydraulic-p Intro to five basic aircraft systems and their components: hydraulic-pneumatic power, landing gear, ice and rain control, cabin environments I control and fuel systems and management. Prereq: AMT 111, 112, 113
2909.01 17 cr DAILY 7:00 am - 1:00 pm RAH 119

AMT 215 ADVANCED AIRFRAME
Refines basic skills and concepts learned in earlier airframe courses in addition to performing rigging and assembly, testing, evaluation of aircraft instrument systems, and aircraft inspections for conformity and airworthiness in accordance with approved procedures. Students analyze and review prior airframe course material in preparation for the FAA Airframe Exam. Prerequisite: AMT 111, 112, 113, 214, 215
2913.02 17 cr DAILY 2:00 pm - 8:00 pm RAH 119

AMT 235 ADVANCED POWERPLANT
Learn about aircraft propellers used with both small and large piston or turbo-prop engines. Includes engine fire detection and extinguishing, engine electrical systems and turbine engine pneumatic systems. Covers reciprocating and turbine engine test run and in troubleshooting, powerplant inspection methods and techniques. Reviews carburetion, ignition, basic powerplants, lubrication, propellers, electrical systems and weight/balance control. Emphasis on FAA regulations, airworthiness safety, personal and technical ethics. Prereq: AMT 111, 112, 133, 234
2921.01 17 cr DAILY 7:00 am - 1:00 pm AMT 206

Professional & Technical Education
BUS 101 INTRODUCTION TO BUSINESS
Survey of American business in a global context: business and economic terminology, formation of business relationships, management, accounting, finance, international marketing, and foreign exchange rates. Also covers small businesses, business start-ups, and franchising.
6300.01 5 or DAILY 12:00 pm - 12:50 pm OLY 104 Staff

BUS 104 KEYBOARDING
Open enrollment/exit. May be taken for S/NC grade. Keyboarding by touch on the computer using professional keyboarding software. Focuses on touch keyboarding skills of speed and accuracy needed for computer and word processing applications. Designed for students with no previous keyboarding experience.
6305.01 3 or DAILY 9:00 am - 9:50 am OLY 203 Staff
6370.02 3 or DAILY 10:00 am - 10:50 am OLY 203 Staff

BUS 106 KEYBOARDING/SKILLBUILDING
Open enrollment/exit. May be taken for S/NC grade. Development of speed and accuracy of letter, symbol, and number keys through drills and timings. Prerequisite: BUS 104 or keyboarding typing of 25 wpm. May be taken for S/NC and may be repeated.
6306.02 3 or DAILY 9:00 am - 9:50 am OLY 203 Staff
6371.02 3 or DAILY 10:00 am - 10:50 am OLY 203 Staff

BUS 115 COMPUTATIONAL SKILLBUILDING
Open enrollment/exit. May be taken for S/NC grade. Introduces touch operation of the electronic calculator to solve common business problems including discounts, markups and markdowns, rounding and working with decimals and fractions. The second half of this course concentrates on building data entry skills on the computer using specialized software.
6307.01 2 or DAILY 9:30 am - 9:50 am OLY 203 Staff
6372.01 2 or DAILY 10:00 am - 10:50 am OLY 203 Staff

BUS 116 BUSINESS MATH/SPREADSHEETS
A practical, up-to-date survey of business mathematics topics. The course begins with a brief review of basic business discounts and markups, simple and compound interest, and other business applications. Increases skill using calculators.
6310.01 5 cr DAILY 10:00 am - 10:50 am OLY 104 Staff
6355.01 5 cr T Th 9:00 am - 9:50 am OLY 104 Staff

BUS 127 MICROSOFT OUTLOOK AN INTRODUCTION
Learn how to use and schedule work in a corporate environment using Outlook 2010. This program is the latest full-featured email and contact management software from Microsoft. Learn how to organize all your email, calendars, tasks, and appointments in one application. Learn the new features.
6325.01 2 or T Th 11:00 am - 11:50 am OLY 104 Staff

BUS 140 CUSTOMER RELATIONS
Develop the skills to identify and resolve customer complaints, handle difficult customers, utilize effective verbal and nonverbal communication methods, learn appropriate professional use of various electronic media, and learn to contribute to the service culture of an organization.
6355.01 5 or DAILY 11:00 am - 11:50 am OLY 203 Staff

BUS 165 CAREER DEVELOPMENT II
Learn how to effectively identify career track choices in different industries, create short and long range plans, research skills for particular positions, and document similar competencies that can be used in related positions.
6396.01 3 or T ThF 8:30 pm to 9:20 pm OLY 203 Staff

BUS 169 USING COMPUTERS IN BUSINESS
An introductory hands-on course using Office 2010. Emphasis on word processing spreadsheets, database, and graphic applications for the beginning computer user. Includes basic Windows operations, file management, legal and safety considerations. Prerequisite: Keyboarding skills.
6320.01 5 cr DAILY 10:00 am - 10:50 am OLY 203 Staff
9955.70 5 cr ONLINE

BUS 170 INFORMATION TECHNOLOGY I
Develops keyboarding and formatting proficiency using Word for creating business reports, correspondence, tables, and outlines. Business English rules are reviewed and reinforced. A valuable introductory course in word processing. An entry level keyboarding skill of 25 wpm is required.
6308.01 4 or DAILY 9:00 am - 9:50 am OLY 203 Staff
6373.02 4 or DAILY 10:00 am - 10:50 am OLY 203 Staff

BUS 177 SPREADSHEETS
Microsoft Excel 2010 is a spreadsheet program you can use to manipulate numbers, to track sales and expenses, create budgets and charts, and help make informed business decisions. Learn how Excel makes it easy to use calculations and predefined formulas to organize data, crunch statistical information and more. Prerequisite: BUS 169 or equivalent.
6335.01 5 or DAILY 9:00 am - 9:50 am OLY 203 Staff
9902.70 5 cr ARR ONLINE

BUS 179 WORD PROCESSING
Microsoft Word 2010. Course will cover the essential features of Word. Learn to easily create professional documents, letters, memos, envelopes and tables. Using templates, clip art and mail-merge features.
6330.01 5 or DAILY 9:00 am - 9:50 am OLY 104 Staff
9903.70 5 cr ONLINE

BUS 197 WORK EXPERIENCE/BUSINESS OCCUPATIONS
Provides practical work experience and employment contacts by integrating academic studies with actual on-the-job training situations. Orientation to internships held prior to registration.
6395.PCM 1-12 cr ARR RSB 79B Staff

BUS 216 PROFESSIONAL DEVELOPMENT
Learn to develop positive mental attitudes and examine useful techniques for personal and professional success. Emphasizes various aspects of career development.
6340.01 5 cr DAILY 8:00 am - 8:50 am OLY 104 Staff

BUS 230 BUSINESS COMMUNICATIONS
Develops effective business writing skills through preparation of letters, reports, memos and CP resumes. Prerequisite: BUS 131 or ENGL 101 with 2.0 or higher.
6345.01 5 cr Daily 12:00 pm - 12:50 pm OLY 203 Staff

BUS 235 ORAL COMMUNICATIONS IN BUSINESS
Covers listening, speaking, nonverbal communication, effective business meetings, parliamentary procedures, telephone and interview techniques. Prerequisite: BUS 131 or ENGL 101 with 2.0 or higher.
9970.70 5 cr ONLINE Staff

MEDICAL OFFICE CLERK

AHE 168 MEDICAL TERMINOLOGY
Introduction to the concept of word building with Greek and Latin word roots, prefixes and suffixes, resulting in the acquisition of a large medical vocabulary.
9960.70 5 cr ONLINE

COMPUTING TECHNOLOGY

CSC 100 BEGINNING COMPUTERS
Gives the beginning computer terminology: characteristics of hardware and software; capabilities, limitations, and problems associated with computers; introduction to email and the Internet.
5102.01 5 cr DAILY 8:00 am - 8:50 am TEC 122 Staff
9900.70 5 cr ONLINE

CTN 101 INTRODUCTION TO COMPUTING TECHNOLOGY
This technically based course provides students with terminology, parts identification and guidelines to make decisions regarding hardware components, operating system and software selection, configuration and upgrading considerations. Prerequisite: CSC 100 (2.0 or better).
5105.01 2 or 5 cr MWF 10:00 am - 11:50 am TEC 119

CTN 120 DATABASES I
Overview of database concepts and applications. Emphasis on MS-Access. Includes practical experience setting up related database systems and developing tables, queries, forms and reports. Prerequisite: CSC 100 (2.0 or better).
5107.01 5 or MWF 10:00 am - 11:50 am TEC 133C Koepeke
9900.70 5 cr ONLINE

CTN 121 DATABASE II
Advanced topics in MS Access: Create macros, switchboard, action queries, front-end Access/ back-end SQL. Intro to SQL: Create databases, SQL queries and tables from script, use views, more join types. SQL server: back-up techniques, security, user rights and permissions. Prerequisite: CTN 120 (2.0 or better).
5107.01 5 or MWF 12:00 pm - 1:50 pm TEC 133C Koepeke

CTN 131 INTRODUCTION TO COMPUTER PROGRAMMING
Intro to computer programming using Microsoft Studio and/or other languages to explore elementary programming techniques and use various control structures, modular program design and structural concepts. Prerequisite: CSC 100 (2.0 or better) or permission.
5110.01 5 cr M Th F 10:00 am - 11:50 am TEC 118 Joubert
9910.70 5 cr ONLINE Joubert

CTN 143 OPERATING SYSTEMS III
Intro to the Linux operating system including features and distributions, the X-window System, user commands, installation, administration, basic networking and shells. Helps prepare the student for the Comp A Linux+ certification exam. Prerequisite: CTN 142 (2.0 or better).
5115.01 5 cr MWF 8:00 am - 9:50 am TEC 119

CTN 160 WEB PRODUCTION I
Intro to Internet media development using xhtml 5, cascading style sheets, tables, frames, forms. Learn how to deploy and test sites on a web browser. Prerequisite: CSC 100 (2.0 or better) or permission.
5120.01 5 cr M Th F 8:00 am - 9:50 am TEC 118 Joubert
9925.70 5 cr ONLINE Joubert

CTN 173 CONTENT MANAGEMENT SYSTEMS
Teaches the basics of content management systems, install, updates, and some configuration of a CMS. Students will accomplish the basic and some advanced tasks of inserting, updating, and deleting available information and content in the portal. Includes installing, managing, and using CMC add-ons, widgets, and templates. Prerequisite: CTN 160 (2.0 or better).
5125.01 5 cr MWF 8:00 am - 9:50 am TEC 118
CTN 171  PC HARDWARE II
Focus on the A+ certification prep for hardware and software technologies. Covers knowledge and hands-on competency in core hardware and operating system technologies including installation, configuration, diagnostics and preventive maintenance. Prereq: CTN 170 (2.0 or better)
5135.01  5 cr  TTHF  12:00 pm - 1:50 pm  TEC 118  Abram

CTN 197  COMPUTING INTERNSHIP
Provides practical work experience and employment contacts by integrating academic studies with actual on-the-job training situations. Orientation to Internships required prior to registration. Prereq: CSC 100.
5180.01  5 cr  ONLINE  RSB  79

CTN 270  LOCAL AREA NETWORKS I
Intro to networking concepts, terminology and technologies: OSI model, standards, common protocols, topologies, devices, data transmission processes and error handling. Prereq: Preparatory to 100 level.
5153.01  5 cr  TTHF  12:00 pm - 1:50 pm  TEC 199  Abram

CTN 281  SECURITY+ CERTIFICATION
Prepares students for the latest Comp TIA Security + Certification Exam. Focus is on security risks, vulnerabilities and solution concepts including the following: Infrastructure, access control, cryptography, physical, network and operating system security strategies, assessments and auditing. Most recent distributed operating systems will be used. Prereq: Preparatory to 100 level.
5170.01  5 cr  TTHF  10:00 am - 11:50 am  TEC 119  Abram

CTN 284  CISCO 3
CCNA 3 Exploration: LAN Switching and Wireless course. Layer 2 switching protocols and concepts with the primary focus on VLANs concepts, configuration, security and communication. Intro to VLANs. Prereq: CTN 283 (at least 2.0) and pass the Cisco 2 final.
5165.01  5 cr  TTHF  10:00 am - 11:50 am  TEC 133C  Koepke

CTN 285  CISCO 4
5178.01  3 cr  TTHF  9:00 am - 9:50 am  TEC 133C  Koepke

CTN 286  VIRTUALIZATION AND THE CLOUD 2
Focused study and hands on experience with advanced management methods for virtualization technologies (ex. VMware ESXi, XenServer), Install, configure, manage, and troubleshoot virtualization server products and guest operating systems. Students receive practical experience with High Availability, VM migration, virtualized networking, SAN configuration and data security concepts. Prereq: CTN 278 (2.0 or better) or work experience equivalent or instructor permission.
5185.01  5 cr  TTHF  12:00 pm - 1:50 pm  TEC 119  Herman

DRAFTING

TDR 121  DRAFTING TECHNOLOGY I
Basic drafting knowledge, skills, and standards required to prepare three-view and pictorial drawings for current industry standards. Prereq. Must pass ASSET or SLEP Test & TDR 131 concurrent enrollment.
5900.01  4 cr  MWF  9:00 am - 10:50 am  CAS 300B  Nguyen

TDR 123  DRAFTING TECHNOLOGY II
Covers basic principles and practices involved in the creation of production drawings including dimensions and tolerancing, sections and auxiliary views. Emphasizes standards practices and variations permitted when required for clarity. Prereq: TDR 121 or permission.
5901.01  4 cr  MWF  9:00 am - 10:50 am  CAS 300B  Nguyen

TDR 125  DRAFTING TECHNOLOGY III
Advanced principles, techniques and application of engineering graphics including: Advanced Dimensioning & Tolerancing, detail and assembly drawings. Emphasis on standard practices ANSI/ASME or ISO and variation permitted when required for clarity. Prereq: TDR 123 or PERMISSION.
5905.01  4 cr  MWF  9:00 am - 10:50 am  CAS 300B  Nguyen

TDR 126  SPACE GEOMETRY
Provides a thorough study of orthographic theory and practice as applied to graphic problem solving. It incorporates the use of principle and auxiliary projections in determining the relative positions of points, lines and planes in space. Emphasis on projection techniques manual! CAD and creative problem solving procedures.
Prereq: TDR 121 OR PERMISSION.
5910.01  4 cr  MWF  1:00 pm - 3:20 pm  CAS 300B  Nguyen

TDR 129  INDUSTRIAL BLUEPRINT READING
Primarily for the machinist. Covers the detail drawing page, title block, dimensioning, views of a drawing, drawing notes, drawing changes and geometric tolerancing.
5931.01  3 cr  MWF  2:00 pm - 3:20 pm  CAS 300B  Nguyen

TDR 131  INTRODUCTION TO CAD 2-D
The objectives of this course are to provide the students with an understanding of the features, limitations, and considerations associated with the operation of a computer-aided design/drafting (CAD) system. Students will gain valuable hands-on experience using the AutoCAD 2013 micro-based CAD software. Prereq: TDR 121 or concurrent enrollment.
5942.02  4 cr  TTHF  9:00 am - 10:50 am  CAS 300A  Nguyen
F  1:00 pm - 3:20 pm  CAS 300A  Nguyen

TDR 133  INTERMEDIATE CAD 2-D
Designed to build on those skills developed during a course in Introduction to CAD I (TDR 131). It will provide the students with additional instruction on how to use the advanced command of the AutoCAD 2013 micro-based CAD software. Prereq: TDR 131.
5835.01  4 cr  TTHF  9:00 am - 10:50 am  CAS 300A  Nguyen

TDR 135  AUTOCAD 3-D MODELING
An extension of AutoCAD Intermediate course to introduce the aspects of Computer Based Three Dimensional Modeling. Explores the fundamental concepts and workflows for creating 3-D models using AutoCAD. Using hands-on exercises representing real-world, industry-specific design scenarios. Prereq: TDR 125 & TDR 135
5902.01  4 cr  MWF  9:00 am - 10:50 am  CAS 300A  Nguyen

TDR 179  CAD - MECHANICAL
Covers techniques used to prepare mechanical engineering drawings: basic mechanism geometry, detail and assembly drawings, emphasis on appropriate presentation of data. Prereq: TDR 125 & TDR 135
5907.01  4 cr  TTHF  9:00 am - 10:50 am  CAS 300A  Nguyen

TDR 231  CAD 3-D PARAMETRIC SOLID DESIGN II
An advanced course in the 3D CAD software using a feature based, parametric solid modeling design program. Students will learn to create 3D parts, mated assemblies and 2D drawings. Prereq: TDR 230.
5960.01  4 cr  TTHF  9:00 am - 10:50 am  CAS 300A  Nguyen

TDR 236  DESIGN PROJECT MANAGEMENT
Integration of the basic elements of a design project, the design process, teamwork, project planning, time management, and project presentation. Prereq: 2nd year standing and concurrent MET 102.
5912.01  1 cr  TTHF  1:00 pm - 3:20 pm  CAS 300B  Nguyen

TDR 237  DESIGN PROJECT I
Practical application course utilizing previously acquired skills. Concentration on the civil aspects of a major design project. Prereq: TDR 236 or 2nd year standing.
5995.01  2 cr  TTHF  1:00 pm - 3:20 pm  CAS 300B  Nguyen

TDR 238  DESIGN PROJECT II
Practical application course utilizing previously acquired skills. Concentration on the aspects of a major design project. Prereq: 2nd year standing and concurrent TDR 237.
5991.01  2 cr  TTHF  1:00 pm - 3:20 pm  CAS 300B  Nguyen

TDR 240  INTRODUCTION TO CATIA
Introductory course to CATIA (Computer Aided Three Dimensional Interactive Application). Gain understanding of the CATIA interface and how to use CATIA V6R2012 to create solid models of parts, assemblies and drawings. Understand how to manage parts in the context of an assembly. A hands-on course where students produce simple parts drawings and assemblies. Prereq 2nd year standing or permission.
5907.01  4 cr  TTHF  5:30 pm - 8:20 pm  CAS 300A  Nguyen

TDR 272  APPLIED MECHANICS II
Covers structural material strength and basic calculations involved when loading structural members and joints. For drafting majors.
5950.01  4 cr  TTHF  8:00 am - 11:50 am  CAS 300B  Nguyen

TDR 280  GEOMETRIC DIMENSIONING & TOLERANCING
This course provides the student with a basic understanding of interpreting geometric tolerances on engineering drawings. All studies based on ASME Y14.5M 1994.
5932.01  4 cr  TTHF  1:00 pm - 3:20 pm  CAS 300  Nguyen

TDR 298  SPECIAL TOPICS, DRAFTING
Individual or group study in Industrial CAD Drafting. Prereq: MAT 098 or Permission.
5950.01  1-5 cr  ONLINE 11:30 am - 12:20 pm  CAS 300  Nguyen
5955.02  1-10 cr  TTHF  9:00 am - 10:50 am  CAS 300  Nguyen

CULINARY ARTS

FSD 100  HEALTH AND SANITATION
An introductory survey course covering sanitation guidelines as suggested by the National Restaurant Associations “ServSafe” program and the fundamentals of hazard analysis of critical control point (HACCP) management.
4106.70  3 cr  ONLINE  Wasson

FSD 101  ORIENTATION TO CULINARY ARTS
Intro to classic cooking, history, terminology, cooking methods, sanitation and safety guidelines, USDA meat identification and use of hand tools. Prereq: Standard entry into Food Science Dept. or permission.
4109.01  1 cr  TTHF  2:00 pm - 4:10 pm  CAB 01  Houot

FSD 170  THEORY - ADVANCED CULINARY FUNDAMENTALS
Intermediate level classes covering eight major kitchen concept areas including soups, meats, poultry and game identification. Prereq: FSD 160 with 2.0 or higher or permission.
4192.01  5 cr  DAILY 7:00 am - 9:50 am  McNamara
FSD 175 CULINARY 2
Intermediate course in food production featuring organization and management of kitchen with emphasis on portion control, sauce work, and meat, fish and poultry. Sauté and line station production with use of wine and liquors, plate garnish and presentation. Front of House and Server Operations covered in a practical dining room lab. This section also reinforces pantry, dell, prep, storeroom, and inventory practice along with intro to meat cutting, poultry, and seafood.
4193.01 5 cr DAILY 7:00 am - 7:55 am RAM 121 Houot

FSD 180 THEORY 3 - GARDE MANAGER/ADVANCED COLD FOOD
Covers cold food preparation: cold sauces, pickling, smoking, hors d'oeuvres, finger food, canapés and related topics. Includes the art of garde manger, forcemeats, gelatin and aspic, pates, terrines, galantines and mousse, elements of charcuterie, sausage making and curing of meats. Prereq: FSD 170 with 2.0 or higher or permission.
4193.01 5 cr DAILY 7:00 am - 7:55 am RAH 218 Houot

FSD 190 THEORY 4 - RESTAURANT COST CONTROLS
Overview of the manager's role in cost control and the relationship between operational standards and controlling costs. Prereq: FSD 180 with 2.0 or higher or permission.
4194.01 5 cr DAILY 7:00 am - 7:55 am RAH 205 Harris-Gane

FSD 195 CULINARY 4
Advanced instruction in sauté line prep and complex garnishing and sauce building. Service, cold food prep and display techniques including hors d'oeuvres, canapés, savories, and cold set mousses. A continuation of meat cutting, with an emphasis on break down, portioning, specialty meat/poultry/seafood products and yielding, cost analysis. Management, operations and menu cost/pricing analysis reinforced.
4128.01 15 cr DAILY 7:00 am - 1:30 pm TBA Harris-Gane

FSD 200 THEORY 5 - MANAGEMENT TECHNIQUES
Covers management techniques related to supervisor, sous chef and restaurant managers, including diversity, communication, expectations, employee training, delegation, job descriptions, performance reviews, standard operating procedures, coaching and counseling. Also examines menu and restaurant design, resumes and cover letters. Prereq: FSD 190 with 2.0 or higher or permission.
4195.01 5 cr DAILY 7:00 am - 7:55 am Tsukiji

FSD 205 RESTAURANT PRODUCTION
This final course in the Food Production track builds on all previous culinary concepts, with additional instruction in baking concepts, yeast doughs, basic breads, breakfast and savory items. Students will complete a Capstone Project involving the accumulated skills that the student has acquired throughout the culinary program featuring a practicum test involving the planning and execution of a designed formal lunch or dinner event. Emphasis will be placed on layout, design, hot and cold food selections, menu development, purchasing, costing, labor assignment, food prep, and supervision.
4131.01 15 cr DAILY 8:00 am - 1:30 pm TBA Tsukiji

FSD 215 BANQUETS AND CATERING
This final course in the Banquet and Catering track includes advanced instruction in baking concepts, cold food production, scheduling, requisitioning, purchasing, exhibition, and portion control/production demonstrations. Pate, terrine, galantine, charcuterie, meat curing and platter presentation will be covered. Students will complete a Capstone Project involving the accumulated skills the students have acquired throughout the culinary program which will feature the planning and execution of designing a small formal event, banquet, or buffet. Emphasis will be placed on layout, design, menu development, purchasing, costing, labor, assignment, food prep, and supervision.
4141.01 15 cr DAILY 8:00 pm - 1:30 pm CAB 101 Tsukiji

HOS 203 COMMERCIAL FOOD SCIENCE
Complete overview of the six nutrient categories - carbohydrates, lipids, proteins, vitamins, minerals and water. Practical information on how the body uses nutrients, foods sources and alternatives for each nutrient and methods of evaluation nutrition information. In evaluating dietary intake, each student will use the Food Guide Pyramid. Assignments include practical evaluation of nutrition information.
4107.70 3 cr ONLINE Wasson

HOS 299 INDIVIDUAL PROJECTS/HOSPITALITY, CULINARY ARTS
To help prepare the student to understand and the theoretical and applied aspects of team hot food competition as outlined by the American Culinary Federation (ACF). The student will be required to participate in weekly team practices and scheduled competitions. The student will work in close supervision with the instructor (coach) through the development of hand skill, menu development and hot food cooking as specified by the ACF competition guidelines. The student will be handling and preparing food items that will be eaten. Requirements: Concurrent enrollment into the Culinary Arts Program.
4103.08 1-3 cr TTh 2:00 pm - 5:00 pm ABR 101 Hou

HMG 314 DIVERSITY AND CULTURE IN TRAVEL AND TOURISM
Cultural principles and practices in domestic and international travel and tourism and the impact on hospitality businesses, emphasis on diversity. Prereq: Acceptance to BAS Hospitality Program or permission.
5205.01 5 cr MW 10:30 am - 12:00 pm OLY 204 Kabeleova
5205.02 5 cr MW 3:00 pm - 4:30 pm OLY 204 Krull
Note: Class meets from 6/03/12 to 7/20/12 (this only applies to 5205, 5200 will run as normal)

HMG 401 COST CONTROLS
Designed to provide the basics of cost control management in the food and beverage industry for the purpose of better preparing students for the food and beverage facet of the Hospitality Industry. Prereq: Acceptance to BAS Hospitality Program or permission.
5210.01 5 cr MW 12:00 pm - 1:20 pm OLY 204 Krull
5215.02 5 cr MW 1:30 pm - 2:50 pm OLY 204 Kabeleova

HMG 420 ETHICAL LEADERSHIP
Nature and sources of ethical conflicts and dilemmas leaders and organizations confront in the hospitality industry.
5220.01 3 cr T 12:00 pm - 1:20 pm OLY204 Kabeleova
5225.02 3 cr Th 12:00 pm - 1:20 pm OLY 204 Kabeleova

HMG 491 HOSPITALITY MANAGEMENT CAPSTONE
Project-based course integrating all components in the curriculum.
5230.01 5 cr TTh 9:00 am - 11:20 am TEC 122 Krull
5235.02 5 cr TTh 1:30 pm - 3:30 pm TEC 122 Krull
NUR 170  NA-C BASIC HEALTH CARE
Covers basic health care concepts needed to provide nursing care to adults, including maintaining and monitoring patient's health status while covering the nurse's role in aspects of aging and disability. The course provides clinical experience in a variety of long term care settings. Prereq: CASAS score of 230 or above in reading and math and attend NA-C orientation. CPR certification and immunizations required.
5012.01  12 cr MTW 8:00 am - 2:30 pm RAH 116 Nicholson
5013.IBS 12 cr MTW 8:00 am - 2:30 pm RAH 116 Moran

NUR 173  LPN III - MEDICAL SURGICAL NURSING II
This course builds on NUR 172. This course provides foundational concepts of medical surgical nursing. Patho-physiological principles, the body's attempts to heal and maintain itself, current treatment and promotion of healing are presented in the context of the licensed practical nursing role. Pharmacological understanding of classes of drugs and the nursing principles of administration and monitoring of medication is integrated in the nursing process. The clinical skills learning is provided within the laboratory and in acute care facilities. Prereq: NUR 172, admission to the program.
5063.01  12 cr WTh 6:00 pm - 9:30 pm RAH 109 Naga
5048.01B  0 cr Th 1:00 pm - 5:00 pm RAH 107 Naga

PST 101  PASTRY AND BAKING ORIENTATION
Learn trade terminology, scaling and measuring procedures, mixing methods, identification and proper use of hand tools and mechanized baking equipment, plus safety procedures and sanitation. Covers portion control, baking math and ingredient functions in baking. Prereq: Enrollment in program or permission.
4180.01  5 cr daily DAILY 7:00 am - 7:55am PBA 113 Harris

PST 102  INTRODUCTION TO BAKING MANAGEMENT
Learn bakery and pastry production management, including procedures and organizational tools for day to day operations of a bakery or pastry shop. Study standardized formulas, cost control, AP and EP, menu mix, purchasing, receiving, storeroom organization, formula cost analysis, safety and sanitation, trade terminology, professional and ethical behavior and attitude. Prereq: PST 101 or permission.
4186.01  5 cr daily DAILY 7:00 am - 7:55am RAH 205 Harris-Gane

PST 111  BAKING 1
4185.01A  15 cr daily DAILY 8:00 am - 1:30 pm PBA 106 Smith

PST 112  PASTRY 1
Covers French pastry and beginning decorating and finishing. Make primary doughs and bases using classical techniques: Pate Feuillete, pate a choux, pate a sucre and assorted pie doughs. Includes elementary assembling and finishing for cakes and tarts, pastry ingredients and their functions, baking methods, assessment of doughs and batters, sponges, safety and sanitation. Prereq: PST 111, FSC 100 and HOS 203 with 2.0 or better or permission.
4186.01  15 cr daily DAILY 8:00 am - 1:30 pm PBA 102 Smith

PST 113  BAKING 2
Covers beginning and intermediate bread baking, terms and techniques of bread production including proper mixing, fermentation, shaping, proofing, baking and finishing. Prepare laminated and rich yeasted doughs (Viennoiserie). Deepen learning about bread ingredients and their functions, baking methods, lamination procedures, assessment, safety and sanitation. Prereq: PST 111, FSC 100 and HOS 203 with 2.0 or better or permission.
4187.01  15 cr daily DAILY 8:00 am - 1:30 pm PBA 106 Harris

PST 211  PASTRY 2
Covers advanced French pastry and plated desserts. Make more complex pastry doughs and bases using classical techniques. Includes dessert ingredients and their functions, advanced product finishes and decorations, plated dessert design and production. Study dessert saucers and garnishes, flavor profiles and combinations, banquet desserts, safety and sanitation. Prereq: PST 113 or permission.
4188.01  15 cr daily DAILY 8:00 am - 1:30 pm PBA 102 Smith

PST 212  PASTRY 3
Covers terms and techniques of chocolate work, seasonal baking and show pieces, including tempering, candy cooking, enrobing, piping and product finishes. Also covers use of local, sustainable, natural and organic dairy and seasonal produce in baked and dessert products. Learn storage and care, stock rotation, safety and sanitation. Produce a decorative display piece. Prereq: PST 211 or permission.
4189.01  15 cr daily DAILY 8:00 am - 1:30 pm PBA 103 Smith

PST 213  PASTRY 4
Covers terms and techniques of advanced pastry decoration by making complicated desserts and highly decorated cakes, including advanced mousses, Bavarian and merengues. Learn practical management skills through student lead experiences: delegation, leadership, time management, conflict resolution, customer relations, inventory control, product receiving and rotation, safety and sanitation. Prereq: PST 102 and 212 or permission.
4190.01  15 cr daily DAILY 8:00 am - 1:30 pm PAB0103 Harris

PST 230  PRINCIPLES OF CULINARY EDUCATION
Introduces the student to foodservice systems and procedures. Prereq: PST 101.
4760.01  3 cr daily DAILY 9:00 am - 2:30 pm LHO 03 Skamser

PST 231  OPERATIONS OF FOOD SERVICE MANAGEMENT
Covers management skills and techniques in foodservice systems. Prereq: PST 230, 116 or 209.
4761.01  3 cr daily DAILY 9:00 am - 2:30 pm LHO 03 Skamser

PST 232  CULINARY ARTS
The student is introduced to the theory and technique of culinary arts. Prereq: PST 230 or permission.
4762.01  3 cr daily DAILY 9:00 am - 2:30 pm LHO 03 Skamser

PST 233  BUSINESS OF FOOD SERVICE
4763.01  3 cr daily DAILY 9:00 am - 2:30 pm LHO 03 Skamser

PST 234  MANAGEMENT OF FOOD SERVICE SYSTEMS
4764.01  3 cr daily DAILY 9:00 am - 2:30 pm LHO 03 Skamser

PST 235  PRACTICUM
4765.01  3 cr daily DAILY 9:00 am - 2:30 pm LHO 03 Skamser

PST 236  TEACHING OF CULINARY ARTS
Introduces the student to the theory and techniques of teaching culinary arts. Prereq: PST 230 or permission.
4766.01  3 cr daily DAILY 9:00 am - 2:30 pm LHO 03 Skamser

PST 237  PROFESSIONAL PRACTICUM
4767.01  3 cr daily DAILY 9:00 am - 2:30 pm LHO 03 Skamser

PST 238  MANAGEMENT OF CULINARY ARTS AS A BUSINESS
4768.01  3 cr daily DAILY 9:00 am - 2:30 pm LHO 03 Skamser

PST 239  TEACHING PRACTICUM
4769.01  3 cr daily DAILY 9:00 am - 2:30 pm LHO 03 Skamser

PST 240  INTERNSHIP WITH INDUSTRY
4770.01  3 cr daily DAILY 9:00 am - 2:30 pm LHO 03 Skamser

PST 241  MANAGEMENT AS A SYSTEM
4771.01  3 cr daily DAILY 9:00 am - 2:30 pm LHO 03 Skamser
Welding Fabrication

WFT 100 WELDING THEORY
Exploration of the applications and criteria for selecting the most widely used welding and weld-related metal joining processes, including gas metal arc welding, flux-cored arc welding, shielded metal arc welding, gas tungsten arc welding, submerged metal arc, oxyacetylene, brazing, soldering and cutting, plasma arc cutting and resistance welding. Covers types of welds and weld joints. 8372.01 5 cr 7:00 am -12:00 pm WWB 101 Damall

WFT 111 MATERIALS AND TESTING
Lecture examines theory and application of metallurgical principles as they are applied to weld design and heat affected zone (HAZ), heat treating and distortion (pre-post), and heat effects on crystalline structure of Ferrous and non-ferrous metals. Also, studies will include methods of destructive and nondestructive testing. Prereq: WFT 100. 5726.01 5 cr DAILY 11:00 am - 12:00 pm WWB 101 Weber 5843.01 5 cr DAILY 5:00 pm - 6:00 pm WWB 101 Gray

WFT 120 INTRO TO WELDING OXY ACETYLENE/SHELDED METAL AR
Practical exercise in the safe and efficient use of the oxyacetylene flame for both cutting and joining applications. Perform sound welds using the Shielded Metal Arc Welding process. 5742.01 6 cr DAILY 7:00 am -12:00 pm WWB 101 Weber 5831.02 6 cr DAILY 6:00 pm -10:00 pm WWB 101 Gray

WFT 121 SAW SHIELDED METAL AR WELDING
Students will learn advance configurations and position for welding with the Shielded Metal Arc Welding process including vertical and overhead. This course will prepare students for the WABO certification testing procedure. 5746.01 6 cr DAILY 7:00 am -12:00 pm WWB 101 Weber 5832.02 6 cr DAILY 6:00 pm -10:00 pm WWB 101 Gray

WFT 124 GAS METAL ARC WELDING
A set of lab competencies that will introduce practical exercises which convey knowledge of equipment as well as multiple positions and application of GMAW uses. 5751.01 6 cr DAILY 7:00 am -12:00 pm WWB 101 Weber 5834.02 6 cr DAILY 6:00 pm -10:00 pm WWB 101 Gray

WFT 125 FCAW FLUX CORE ARC WELDING
A set of lab competencies that will introduce practical exercises which convey knowledge of equipment as well as multiple positions and application of FCAW uses (Inner shield/Duel Shield). This will combine previously learned: weld theory, operation of OXY-Acetylene, and Shielded Metal Arc Welding (SMAW) processes. 5755.01 6 cr DAILY 7:00 am -12:00 pm WWB 101 Weber 5835.02 6 cr DAILY 6:00 pm -10:00 pm WWB 101 Gray
WIN 101  INTRODUCTION TO ENOLOGY
An introduction to the science of winemaking, history and geographical distribution; grape varieties and wine types; influence of climate and soil; wine fermentation, handling, storage and bottling methods; wine disorders; winery sanitation; legal compliance. Materials fee assessed. Students must be 21 years of age to participate in wine tasting.
4250.01  3 cr  M  2:00 pm - 5:00 pm  WWB 110  Bos

WIN 105  ELEMENTS OF WINE PRODUCTION III
Advanced course in winemaking, emphasizing the final stages of wine production, including: the philosophy of usage and maintenance of barrels, elements of mixing wine varieties, and the final stages of finishing wine production. A materials fee will be assessed. Students must be at least 21 years of age to participate in wine tasting. Prerequisites: WIN 102, 103, 104, 107, 108 (and concurrent enrollment in WIN 109) or instructor permission.
4263.01  4 cr  W  6:00 pm - 9:00 pm  WWB 110  Bos

WIN 110  INTRODUCTION TO WINE SCIENCE
This course will investigate the science used in the winemaking process. Emphasis on chemistry, organic chemistry, biology, and physics as they relate to wine production. Students get prepared for wine chemistry and microbiology. Prerequisites: WIN 101, WIN 123, CHEM 139. Materials fee assessed. Must be 21 years of age to participate in wine tasting.
4290.01  3 cr  Th  2:00 pm - 5:00 pm  WWB 110  Bos

WIN 121  INTRODUCTION TO VITICULTURE
An introduction to the theory of grape growing, including botany and anatomy; history and distribution; propagation; grape varieties and wine type; climate; production practices; and common diseases and pests. A materials fee will be assessed. Must be 21 years of age to participate in wine tasting.
4258.01  3 cr  Th  6:00 pm - 9:00 pm  WWB 113  Scott

WIN 123  SENSORY EVALUATION
An introduction to wine sensory evaluation methods; statistical analysis of trials, philosophy of wine styles and the common evaluation of representative wines. Materials fee will be assessed. Students must be 21 years of age to participate in wine tasting.
4251.01  3 cr  T  2:00 pm - 5:00 pm  WWB 110  Daigneault

WIN 131  INTRODUCTION TO WASHINGTON WINES
Introduction to wines produced in Washington, including history, viticulture practices and wine making styles. Sensory evaluation representative of Washington wines will be assessed and students must be at least 21 years of age to participate in wine tasting. Materials fee will be assessed.
4204.01  3 cr  T  6:00 pm - 9:00 pm  WWB 110  Bos

WIN 132  WINE HISTORY AND APPRECIATION
A survey of wine and its role in history, religion, art, culture and society from pre-history to modern day. Sensory evaluation of the representative wines. Materials fee will be assessed. Students must be 21 years of age to participate in wine tasting.
4207.01  3 cr  T  6:00 pm - 9:00 pm  WWB 113  Darling

WIN 133  INTRODUCTION TO WINES OF THE WORLD
Introduction to the world’s wine-producing regions, history, viticulture practices and winemaking styles. Sensory evaluation of representative wines. Students must be 21 to participate in wine tasting. Materials fee will be assessed.
4255.01  5 cr  TTh  6:00 pm - 8:30 pm  TBA  Daigneault

WIN 141  WINE MARKETING AND SALES
Introduction to wine marketing and sales methods, basic approaches to packaging, advertising, promotion, retail and wholesale selling of wine. A materials fee will be assessed. Students must be 21 years of age to participate in wine tasting.
4259.01  3 cr  M  6:00 pm - 9:00 pm  WWB 110  Holaday

WIN 151  INTRODUCTION TO FOOD AND WINE PAIRING
Continuation of WIN 151. Evaluate the elements of the character and key components of wines. Discuss the different philosophies of classes and traditional pairs and open the books on new and emerging partnerships between food and wine. Materials fee will be assessed. Student must be 21 years of age to participate in wine tasting. Pre-req: WIN 151 or concurrent enrollment or instructor permission.
4253.01  3 cr  M  6:00 pm - 9:00 pm  WWB 113  DeLong

WIN 298  FOOD & WINE PAIRING - CHEESE
This class will be a focused study of the philosophies and techniques involved in bringing cheese and wine together in a cohesive pairing. This course will discuss the 7 stages of cheese, cheese production, storage and selection. Students must be at least 21 years of age to participate in wine tasting. A materials fee will be assessed. Pre-req: WIN 151 (or concurrent enrollment) or instructor permission.
4209.01  3 cr  M  2:00 pm - 5:00 pm  WWB 113  Rede

WIN 298  WINE BUSINESS - DISTRIBUTION
Introduction to wine distribution, import/export, and the business of wholesaling wines through various channels. A materials fee will be assessed. Students must be 21 years of age to participate in wine tasting.
4272.01  3 cr  T  2:00 pm - 5:00 pm  WWB 113  Daigneault

WIN 299  ADVANCED WINES OF THE WORLD II - EUROPE
This course will be a continuation of WIN 133 and incorporate importers, cooperatives, important producers and regions within the European regions. Students will taste classical styles from renowned producers and vineyards, the regions explored will be in depth exploration and examples of European regions: Italy, Spain, Germany and Austria. Materials fee assessed. Students must be 21 years of age to participate in wine tasting. Pre-req: WIN 133
4283.01  3 cr  W  6:00 pm - 9:00 pm  WWB 113  Daigneault

WIN 299  WINE - INDEPENDENT STUDY
Introduction to wine distribution, import/export, and the business of wholesaling wines through various channels. A materials fee will be assessed. Students must be 21 years of age to participate in wine tasting.
4215.05  1-5 cr  APR  WWB 112  Daigneault
**Georgetown Campus**

The Georgetown Campus is a leader in green and sustainability education, offering courses in weatherization, energy auditing, and specialized contract training, while pioneering new career pathways in logistics manufacturing, energy efficiency, and clean technology.

6737 Corson Ave S., Seattle, WA 98108
For directions and map, see page 48 or visit the web.

(206) 934-5350 • georgetown.southseattle.edu/

**Apprenticeship & Education Center**

Earn while you learn! Over 5,000 apprentices, representing more than 20 trades, enhance their knowledge and develop their skills in our state-of-the-art facilities. Training programs lead to journey worker status in high-wage, high-demand fields. To be eligible for Georgetown Campus programs, you must be 18 years of age, have a valid driver's license and go through a selection process which may include, but not be limited to, both written and physical testing, drug testing and an interview by a joint apprenticeship committee.

We are currently working with the following joint apprenticeship committees to provide related training and supporting courses for apprentices and journeymen. For more information contact the listings below or go to the Labor and Industry Web site at http://www.lni.wa.gov/tradeslicensing/apprenticeship.

### Certificate Programs

**RESIDENTIAL ENERGY AUDITING** (206) 934-6653

**ENS 225 CODES, STANDARDS & POLICIES FOR BUILDINGS**

This hybrid online and classroom course will guide students through the evolving landscape of energy-related policies, codes and standards and how they relate to each other. While the built-environment will be the focus for this class, climate change regulations will be discussed. Government structures and official roles will also be explored. Prereq: COMPASS W=77 R=83 or transcript showing 2.0 GPA in equivalent English class. Exceptions by permission of the instructor.

**WAREHOUSING** (206) 934-6661

The Georgetown campus will offer a 4-week Warehouse Training program specifically designed to support local distribution and supply chain businesses. Students in this program will gain certification in OSHA 10, CPR and First Aid while gaining a general understanding of the supply chain industry. Topics include material handling, risk management, distribution of supplies and materials and facility functions. For more information call (206) 934-6661 or go to Startnextquarter.org.

**FLAGGING & TRAFFIC CONTROL CERTIFICATION** (206) 934-6877

**CSS 123 FLAGGING & TRAFFIC CONTROL CERTIFICATION**

Flaggers are responsible for the safe and effective movement of traffic through construction or maintenance zones, safety of the work force performing these operations and minimum delay to the motorist. Mandatory training and certification is required for employment. This six-hour course, based on the WA State Safety Standards for Construction Work and the Manual on Uniform Traffic Control Devices, is taught by certified instructors. Testing will be conducted during class. Certification is valid for 3 years in Washington, Oregon, Idaho, Montana. Pre-payment of tuition is required (no cash or personal checks accepted at Georgetown site) and includes course materials, examination and photo ID.

The Georgetown campus offers a 12-week Diversified Industrial Manufacturing Program. Two short-term certificates make up the Academy: Manufacturing Basics and Manufacturing Advanced. The training will be offered at least three times in 2013 with the next class starting February 11 and introduces students to the world of manufacturing through a combination of technical skill building, industry certifications and basic education enhancement. Students get prepared for multiple career pathways in manufacturing including maritime, aerospace, HVAC, electronics, and nano technology, as well as serving the pre-apprenticeship program requirements for the AJAC apprenticeship program. Students will leave with a strong understanding of diversified manufacturing techniques including composites, welding and basic electronics as well as industry recognized certifications in: OSHA 30, flagging, forklift, and lean manufacturing. For more information visit startnextquarter.org. Courses include:

Manufacturing Basics (14 credits)
INT 100 Manufacturing Basics • Math 110 Applied Math for Technicians • IFS 100 Industrial Safety CPR/First Aid • MTA 163 Blueprint Reading • MTA 165 Road Flagging Certificate • MTA 172 Forklift Certification

Manufacturing Advanced (14 credits)
INT 112 Manufacturing Tools and Trades (Welding) • INT 165 OSHA 30 (General) • INT 180 Intro to Composites • INT 115 Lean Manufacturing

The Puget Sound Industrial Excellence Center offers high quality customized instruction to meet the training needs of business. PSIEC serves as a focal point for business, labor and community in support of economic development, educational opportunities, family wage jobs and global competitiveness in the greater Seattle area and the Northwest. We work closely with your business to provide you with effective training solutions at your site or on our Georgetown Campus. Training is offered weekdays, evenings or weekends to meet your business and employee needs.

The PSIEC is proud to serve the following business sectors: aerospace, hospitality, healthcare, retail, government, manufacturing and transportation. To arrange training for your company contact us at (206) 934-5857 or visit georgetown.southseattle.edu.

EXHIBITING YOUR ART
A key to getting your art sold is getting it seen. Explore the what, where, when, why and hows of displaying your art in gallery and non-gallery venues. Gain invaluable information for visual artists working in all media, whether considering your first show or your fiftieth.
Item 1771 6:00 pm - 9:00 pm On Campus  Pfortner Th 5/16  $45

MERCHANDISING YOUR ART
Discover how to price and license your work to commercial partners like card and calendar companies and magazines.
Item 1772 6:00 pm - 9:00 pm On Campus  Pfortner Th 5/23  $45

ARTISTS + NON-PROFITS = OPPORTUNITIES (FOR BOTH!)
Explore the very real opportunities versus the possible pitfalls for advancing your career while working with non-profits.
Item 1773 6:00 pm - 9:00 pm On Campus  Pfortner Th 5/30  $45

CRAPTS
NEW! BOOK ARTS - FLAG BOOK
The flag book consists of an accordion spine and paper flags. This format can be used for expressing an opposing view or conflicting thoughts because the rows of flags move in opposite directions when the book is opened. Embellish your creations with shape punches, decorative paper, markers and more.
Item 1526 9:00 am - 3:00 pm  CEC 102  Parkhurst Sa 3/16  $65 + $15 materials fee

NEW! BOOK ARTS - BEGINNING BOOKBINDING
Start with two easy pamphlet stitch books - one with a wraparound cover and a decorative bead at the spine and the other housed in an origami pocket envelope. It is elegant in its simplicity and perfect for a travel journal or small sketch book. Then make a 2-sided accordion book with a book cloth hard cover and pockets that can hold tickets, maps, postcards, photos, playing cards and more. The 4th book is a 3-D tunnel book that looks like a lush, colorful garden when peeked into. You will take home at least 4 books.
Item 1527 9:00 am - 3:00 pm On Campus  Parkhurst Sa 4/6  $65 + $15 materials fee

NEW! BOOK ARTS - STAR PAPER STRUCTURE
Discover the Star Book structure, folding two, off-white paper accordions to make pages. Cut a simple scene out of these pages, resulting in a 3-D display. The pages are sewn together at the folds with linen thread, using a simple pamphlet stitch. Our covers will be the same color as the pages, resulting in a free-standing, monochromatic structure. Lastly, add a tea light that will illuminate your structures with a soft glow, like a night light. No experience necessary.
Item 1528 9:00 am - 3:00 pm  LHO 3  Parkhurst Sa 4/20  $65 + $10 materials fee

Cultivate Learning
GLASS - STAINED GLASS
Design, cut and fabricate glass with lead and/or copper foil techniques. Create your own design with assistance from the instructor. Supply and tool costs will vary with each project. Each student is asked to contact the instructor (206) 935-5682 regarding supplies, tools and material costs.
   Item #534 6:00 pm - 9:00 pm CEC 101 Nicholas Tu (8 sessions) 4/16 - 4/4 $125

MAKING HOMEMADE SOAP TO KEEP OR GIVE
Tired of paying top dollar for artisan soap? Discover how to craft luscious soaps the old-fashioned way using lye, fats and oils. Learn ingredient options and various soapmaking techniques. Create your own soaps to take home, along with recipes and instructions.
   Item 1564 9:00 am - 12:30 pm CAB - Main Baerg Sa 5/4 $175 + $100 materials fee

NEW! MAKING NATURAL BODY CARE PRODUCTS
Discover the joy of creating your own lotions, scrubs, and salves using herbs and other natural ingredients. Make affordable, nourishing, and personalized products to pamper the body from head to toe! Learn ingredient properties and techniques while crafting a few products. Leave with recipes and samples.
   Item 1709 9:00 am - 12:00 pm On Campus Baerg Sa 4/20 $35 + $15 materials fee

UPHOLSTERY
Learn to upholster a custom, wood-frame Victorian style chaise lounge scaled to fit an 18" doll such as the American Girl® doll. Use skills learned in this hands-on class to upholster small and full size furniture, the technique is the same! No previous upholstery experience required. Class includes an instructional video to use as a refresher for future projects.
   Item 1562 9:00 am - 2:00 pm CEC 102 Gregory/Ayers Sa 5/4 $175 + $100 materials fee

DRAWING & PAINTING

NEW! INTRODUCTION TO SUMI PAINTING
Experience the flowing techniques of sumi painting while exploring creative forms of self-expression. Learn the basics of Japanese sumi painting with a focus on traditional materials, tools, and brush strokes. Students will learn to simplify visual elements with as few brush strokes as possible.
   Item 6:00 pm - 8:30 pm LHO 3 Yoshida M (4 sessions) 4/15 - 4/16 $99 + $15 materials fee

INTRO TO CALLIGRAPHY - ITALIC
Learn how to create beautiful letterforms using a variety of tools and materials. Have fun making practical use of your new skills by addressing envelopes, placecards and simple booklets. Great class for all levels of experience. (No class 5/6)
   Item 1536 6:00 pm - 8:00 pm On Campus Shovitz Tu (5 sessions) 4/30/5/28 $99 + $15 materials fee

DRAWING FOR PLEASURE: BASIC SKILLS
Need a new creative outlet? Be introduced to a variety of drawing methods for beginners and experienced drawers. Learn tricks to get into the flow, see what’s really there, and enjoy the process. Course covers line, mass, gesture, and space. Basic materials and an additional list of supplies will be supplied at the first class.
   Item 1553 6:00 pm - 8:30 pm CEC 102 Ruthie V Tu (6 sessions) 4/2 - 5/7 $125

EXPRESSIVE BOTANICAL ILLUSTRATIONS
Capture the beauty of plant life using a variety of drawing and painting techniques. Using pencils, ink, and watercolor, learn expressive and playful approaches to depicting plants. Class open to beginning and experienced artists. (no class 5/27)
   Item 1550 6:00 pm - 8:30 pm CEC 102 Ruthie V M (4 sessions) 5/13 - 6/10 $99 + $25 materials fee

PAINTING - WATERCOLOR SERIES
Start your watercolor training with one night of “Watercolor Fun” and continue building your skills for 3 more weeks. Learn to create a variety of textures and color effects, think in layers, and create the illusion of depth.
   Item 1551 6:00 pm - 8:30 pm CEC 102 Ruthie V M (4 sessions) 4/15 - 5/6 $99 + $25 materials fee

PAINTING - WATERCOLOR FUN
Join a local artist for an evening of fun creating unique and dynamic paintings. Explore this vibrant form of painting to create art you love. Watercolor painting can be a peaceful daily activity and it’s easily portable. Once you learn the basics, you can create your own simple paintings during day trips or keep your own illustrated journals.
   Item 1554 6:00 pm - 8:30 pm CEC 102 Ruthie V M 4/15 $39 + $15 materials fee

NEW! PAINTING - ACRYLIC PAINTING WITH TEXTURE - THE PALETTE KNIFE TECHNIQUE
Acrylics are versatile, low odor, water based paints which dry quickly. Learn the basics of image composition, color mixing on a palette and paint application. Everyone is welcome, from the absolute beginner to the more experienced painter.
   Item 1555 6:00 pm - 8:30 pm On Campus Ruthie V Tu (4 sessions) 5/14 - 6/4 $99 + $15 materials fee

JEWELRY

KITCHEN TABLE JEWELRY - TURN ANY SPACE INTO A STUDIO
Want to make jewelry without investing in an expensive setup? Learn how simple tools and safe materials can turn your desk or table into a productive jewelry studio. Create professional looking pieces to wear or give as gifts. Fee includes starter materials and use of tools. You are responsible for personal tools/shopping list provided, most basic kits start at $25
   Item 1557 10:00 am - 2:00 pm CEC 101 Harrison Sa (3 sessions) 4/6 - 4/20 $125 + $20 materials fee

NEW! JEWELRY - COLOR ON SILVER WITH RESIN
Learn to add stunning color to silver jewelry you hand crafted! Using PMC (Precious Metal Clay), start by molding the clay into different shapes to make earrings, pins or pendants. Once the PMC clay is fired in a kiln, it becomes solid silver. By using resins, add color to the piece to make it a one-of-a-kind original work of art. No experience necessary!
   Item 1545 10:00 am - 4:30 pm CEC 102 Arnold Sa 4/20 $65 + $40 materials fee

PHOTOGRAPHY

BRING YOUR OWN DIGITAL CAMERA, INSTRUCTION MANUAL, CHARGED BATTERY, EXTRA BATTERIES, POWER CABLE, AND EXTRA MEMORY CARDS

BEFORE YOU TEST
Prepare for the COMPASS Placement Test

COMPASS is an untimed, computerized test that helps the college place you into the math and English courses that are right for you. Before you test, attend a COMPASS Test Prep workshop at one of the Seattle Community Colleges nearest you. It’s free and you can start any time and attend as many workshops as you want!

• Refresh your English, reading and math skills
• Learn test-taking strategies
• Receive personalized attention
• Gain confidence in your abilities
• Prepare to be successful in your educational goals

TEST TIMES AND MORE INFORMATION: Visit www.beforeyoutest.org or call Shannon Waits at 206.934.3856.

Ready • Set • Transfer

Consider a high demand, high growth career in Science, Technology, Engineering and Math (STEM) fields.

Job growth of 22% is projected for STEM occupations as a whole between 2004 and 2014 (Bureau of Labor Statistics).

South’s new Ready! Set! Transfer! project, funded by a grant from the National Science Foundation, provides tools and support to start and keep you on a pathway to a STEM career. Our new Science & Math Academy includes learning communities, peer mentoring, academic support, faculty mentors, seminars, guest speakers, and other resources to help you succeed.

ONSIGHT Collaborative Scholarships are available to talented, low-income students pursuing careers or transfer degrees in STEM fields.
