Overview

This pathway is designed to meet Associate in Arts degree requirements with a concentration in Education. This pre-major pathway prepares you to transfer at the junior level to a four-year college to earn a bachelor's degree in education, elementary education, early childhood education, or a related field. Educators ask questions such as: How do classroom dynamics impact learning? Are there new ways to engage students? Do learning styles affect test scores? If you enjoy working with children and want to nurture their growth and development, this pathway could be for you. (Read program QR code to see more)
